Tender Details

GENERAL REQUIREMENTS

The works, as described, is part of the Disaster Management Programme for the Jan Du Toits River situated approximately 10 km west of Worcester in the Western Cape. The bid will be a measured bid for the works described and is to include material, labour and machinery. The works must be completed within a 11-month (definition as defined further) contract period.

The scope of works entails the construction of 46 groynes of which constitutes a sediment trap and followed by 42 gabion structures (groynes) which are in 21 pairs in the Jan Du Toits River over an approximate distance of 1050 metres..

Bidders must have a CIDB contractor grading designation of 7 CE or higher.

COMPULSORY SITE MEETING

A compulsory site meeting will be held at the Phil Susan Saal (Phil Susan Hall) located in the Worcester-Vallei (Worcester Valley) region (Coordinates: -33.611272° 19.312817°) on **TUESDAY 1 DECEMBER 2026 at 13:00**. Please take note that bidders not attending the compulsory site meeting will not be eligible to submit a bid.

All queries should be referred to Supply Chain at **mapollis@casidra.co.za**
