SPECIFICATIONS

APPOINT A PANEL OF SERVICE PROVIDERS FOR THE PROCUREMENT OF FOOT AND MOUTH DISEASE (FMD) VACCINE FROM QUALIFYING SERVICE PROVIDERS

1. SCOPE

The Department seeks to appoint a panel of service providers for the supply and delivery of Foot-and-Mouth Disease (FMD) vaccines on an as-and-when-required basis to support disease prevention, outbreak response, and ongoing vaccination programmes within the Western Cape.

The appointed panel must be capable of sourcing and supplying FMD registered (in South Africa) vaccines or vaccines that have been obtained via the necessary Section 21 authorisation in terms of the Medicines and Related Substances Act, 1965 (Act 101 of 1965) (hereafter referred to as Section 21), where applicable.

2. TYPE OF SERVICE/ GOODS REQUIRED

The Western Cape Department of Agriculture (WCDoA) requires the supply and delivery of Foot-and-Mouth Disease (FMD) vaccines to support the prevention, containment, and control of FMD outbreaks within the Western Cape Province. The procurement of these vaccines is critical to safeguarding animal health, protecting the livestock industry, and mitigating the economic impact associated with the spread of the disease.

The appointed service provider[s] will be required to supply vaccines that comply with all applicable veterinary and regulatory standards and ensure timely delivery. The vaccines will be utilised as part of the Department's disease-control and emergency-response initiatives aimed at preventing the introduction and spread of FMD, maintaining animal health and welfare, and supporting the continuity of agricultural activities within the province.

The requirement seeks to ensure that enough FMD vaccines are readily available to facilitate rapid response interventions and ongoing disease management programmes in accordance with national animal health legislation and biosecurity measures.

In addition, the procurement process will be undertaken in accordance with the Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000), the Preferential Procurement Regulations,

2022, and the Department's approved Preferential Procurement Policy, promoting fair, equitable, transparent, competitive and cost-effective procurement while advancing designated preferential procurement objectives where applicable.

3. DURATION

The vaccines will be supplied and delivered over a period of three years, subject to the Department's requirements on an as-needed basis.

Delivery address:
Western Cape Department of Agriculture
Provincial Veterinary Laboratory
Helshoogte Road,
Stellenbosch

4. OBJECTIVE & BACKGROUND

Background

Foot-and-Mouth Disease (FMD) is a highly contagious viral disease of cloven-hoofed animals, including cattle, sheep, goats and pigs. It can spread rapidly, causing significant economic and social disruption through production losses, livestock movement restrictions and reduced trade. The Western Cape Department of Agriculture (WCDoA) is currently responding to an FMD outbreak in the Province, requiring urgent and coordinated intervention.

Procurement objective

The primary objective is to secure an immediate and reliable supply of approved FMD vaccine to support the Province's outbreak prevention and control strategy. Timely vaccination is essential to contain transmission, protect animal health and stabilise the livestock sector. Vaccine availability will enable Veterinary Services to implement rapid response measures in affected and at-risk areas.

Strategic importance and risk

This procurement supports the Department's mandate to safeguard food security, protect farmers' livelihoods and comply with national animal health legislation and biosecurity standards. Failure to secure vaccine timeously would increase the risk of continued disease spread, further economic losses and reputational harm to the agricultural sector.

Supplier and compliance requirements

The Department therefore intends to procure FMD vaccine from suitably authorised supplier(s), in compliance with all applicable legislative, regulatory and biosecurity requirements. The vaccine supplied must be registered for use in South Africa or, where the vaccine is unregistered, be subject to the requisite Section 21 authorisation in terms of the Medicines and Related Substances Act, 1965 (Act 101 of 1965), as applicable, to ensure appropriate regulatory oversight of product quality, safety and efficacy.
