CRS Nr (CIDB):

CLOSING DATE: 10 JULY 2026

TIME: 11:00 am

Department of Public Works &
Infrastructure
Corner of Nkosi Senyukele Jojo and
Ngqubusini Street, Off Ntsizwa Street
Mt Ayliff
4735

A. T1.1 Tender Notice and Invitation to Tender

The Eastern Cape Department of Public Works & Infrastructure invites Contractors with a CIDB Grading of **2EB/1EB PE ONLY** .

The contract will be based on GCC, 3rd Edition 2015.

Only tenderers who have suitable experience and suitably qualified personnel in providing similar services to those that are required are eligible to submit tenders.

Tender Documents are downloadable for free of charge from the Department of Public Works & Infrastructure website: www.ecdpw.gov.za/tenders from the **19 JUNE 2026**. Note, that documents will not be available at the departmental offices.

Technical enquiries: may be addressed in writing to Ms.S.Ngudle - email: sihle.ngudle@ecdpw.gov.za

The closing time for receipt of tenders by the ECDPWI is **11:00am** on the **10 July 2026**. Telegraphic, telephonic, telex, facsimile, e-mail and late tenders will not be accepted. Bids must be submitted in sealed envelopes clearly marked "**TENDER NO:ALF5-26/27-0002:TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT**" and must be deposited in the bid box, at Block A, Department of Public Works & Infrastructure, Cnr Nkosi Senyukele & Ngqubusini street, off Ntsizwa street, Mt Ayliff, 4735 not later than **11h00 am**.

It is the responsibility of the bidder/s to ensure that bid documents /proposals are submitted on or before closing time and the correct location as the department will not take responsibility of wrong delivery. Bidders using courier services for delivery of their bid documents must ensure the delivery is at the correct place / location and time as the department will not be held responsible for wrong delivery. Tenders may only be submitted on the tender documentation that is issued. Tenderers must be registered on the Central Supplier Data Base and proof of registration must be submitted with the proposal (<https://secure.csd.gov.za>). Requirements for sealing, addressing, delivery, opening and assessment of tenders are stated in the Tender Data.

B. BID EVALUATION:

This bid will be evaluated in TWO (2) phases as follows:

Phase One: Compliance, responsiveness to the bid rules and conditions.

Phase Two: Bidders passing phase one will thereafter be evaluated on PPPFA and its regulation of 2022.

THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT WILL BE APPLIED AND THE 80/20 PREFERENCE POINTS SYSTEM WILL BE APPLICABLE

POINTS FOR PRICE	80 POINTS
SPECIFIC GOALS	20 POINTS
TOTAL POINTS	100 POINTS

Please note:

1. Bidders need to complete and sign SBD 6.1 to claim points for specific goals. Failure will lead in non-awarding of points for specific goals
2. The Department intends to award this to the highest point scorer as whole, unless circumstances justifies otherwise
3. All information will be verified through CSD
4. SBD 6.1 is attached

C. BID SPECIFICATIONS, CONDITIONS AND RULES

The minimum specifications, other bid conditions and rules are detailed in the bid document under Tender Data

The specifications, rules, special conditions of bid, evaluation criteria, and rules for evaluation for compliance and other bid conditions are detailed in the document.

The Department of Public Works & Infrastructure SCM policy applies.

Tender validity period is **120 days**.

D. TENDER SUBMISSIONS:

Bids must be submitted in sealed envelopes clearly marked **“TENDER NO: ALF5-26/27-0002 TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT”** and must be deposited in the bid box, Block A, Department of Public Works & Infrastructure, Cnr Nkosi Senyukele Jojo & Ngqubusini street, Off Ntsizwa street, Mt Ayliff, 4735 .

T1.2 Tender Data

The conditions of tender are the latest edition of SANS 10845-3, *Standard conditions of tender*. SANS 10845-3 makes several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the provisions of SANS 10845-3 and as contained in **Annexure F of Standard for Uniformity in Construction Procurement (Board Notice 136 Government Gazette No 38960 of 10 July 2015)**, Each item of data given below is cross-referenced to the clause in SANS 10845-3 to which it mainly applies.

Clause number	Tender Data
3.1	The Employer is Public Works & Infrastructure
3.2	<p>The tender documents issued by the employer comprise the following documents:</p> <p>THE TENDER</p> <p>Part T1: Tendering procedures</p> <p>T1.1 - Tender notice and invitation to tender</p> <p>T1.2 - Tender data</p> <p>Part T2 : Returnable documents</p> <p>T2.1 - List of returnable documents</p> <p>T2.2 - Returnable schedules</p> <p>THE CONTRACT</p> <p>Part C1: Agreements and Contract data</p> <p>C1.1 - Form of offer and acceptance</p> <p>C1.2 - Contract data</p> <p>C1.3 - Performance Bond</p> <p>Part C2: Pricing data</p> <p>C2.1 - Pricing assumptions</p> <p>C2.2 - Bill of Quantities</p> <p>Part C3: Scope of work</p> <p>C3 - Scope of work</p> <p>Part C4: Site information</p> <p>C4 - Site information</p>
3.3	The tender documents issued by the employer comprise the documents listed on the contents page
3.4	<p>The employer's agent is:</p> <p>Name: Namhla Mpiti</p> <p>Corner of Nkosi Senyukele Jojo & Ngqubusini Street, Off Ntsizwa Street</p> <p>Mt Ayliff • 4735•</p> <p>Tel: 082 304 0403</p> <p>E-mail: namhla.mpiti@ecdpw.gov.za</p>
3.5	The language for communications is English
3.6	The competitive negotiation procedure shall be applied.
3.7	<p>Method 2: Two (2) phase procurement procedure shall be applied, i.e.</p> <p>Phase One: Compliance, responsiveness to the bid rules and conditions.</p> <p>Phase Two: Bidders passing phase one will thereafter be evaluated on PPPFA and its regulation of 2022.</p>
4	Tender's obligations

4.1	Only those tenderers who satisfy the following eligibility criteria and who provide the required evidence in their tender submissions are eligible to submit tenders and have their tenders evaluated:
4.1.1	<p>Only those tenderers who are registered with the CIDB, or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered, or a value determined in accordance with Regulation 25 (1B) or 25(7A) of the Construction Industry Development Regulations, for a 2EB/1EB PE ONLY class of work, are eligible to have their tenders evaluated.</p> <p>Joint ventures are eligible to submit tenders provided that:</p> <ol style="list-style-type: none"> a) Every member of the joint venture is registered with the CIDB; b) The lead partner has a contractor grading designation in the 2EB/1EB PE ONLY class of work; and <p>The combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for 2EB/1EB PE ONLY class of work or a value determined in accordance with Regulation 25 (1B) or 25(7A) of the Construction Industry Development Regulations.</p>
4.1.2	<p>The following tenderers who are registered with the CIDB, or are capable of being so registered prior to the evaluation of submissions, are eligible to have their tenders evaluated:</p> <ol style="list-style-type: none"> a) Contractors who have a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered, or a value determined in accordance with Regulation 25 (1B) or 25(7A) of the Construction Industry Development Regulations, for a 2EB/1EB PE ONLY class of work; and b) Contractors registered as potentially emerging enterprises with the CIDB who are registered in one contractor grading 2EB/1EB PE ONLY in terms of a) above and who satisfy the following criteria: <ol style="list-style-type: none"> 1) Potential to develop and qualify to be registered in that higher grade as determined in accordance with the provisions of the <i>CIDB Specification for Social and Economic Deliverables in Construction Works Contracts</i>; and 2) Whom the employer agrees that they will provide the financial, management or other support that is considered appropriate to enable the contractor to successfully execute that contract.
4.2	<p>The employer will compensate the tender as follows as per the conditions of the Form of signed contract or GCC 3rd Edition, 2015.</p> <p>The employer will not compensate the tenderer for any costs incurred in attending interviews or making any submissions in the office of the employer.</p>
4.3	Compulsory pre- tender briefing meeting. (N/A)
4.4	It is the responsibility of the tenderer to check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.
4.5	Confidentiality and copyright of documents

	Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.
4.6	<p>The arrangements for a compulsory clarification meeting are as stated in the Tender Notice and Invitation to Tender. Tenderers must sign the attendance list in the name of the tendering entity. Addenda will be issued to and tenders will be received only from those tendering entities appearing on the attendance list.</p> <p>Tender documents will also be made available at the clarification meeting</p>
4.7	<p>Seek clarification <i>Request clarification of the tender documents, if necessary, by notifying the employer not later than 5 (Five) working days before the closing time and date stated in the tender data.</i></p>
4.8	Tenderers are required to state the rates and currencies in Rands.
4.9	Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer or to correct errors made by the tenderer and ensure that all signatories to the tender offer initial all such alterations. Do not make erasures using masking fluid.
4.10	No alternative tender offers will be considered
4.10.1	<p>Parts of each tender offer communicated on paper shall be submitted as an original. Submit</p> <p>a) the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with a translation of any documentation in a language other than the language of communication established in 3.5, and</p> <p>b) the parts communicated electronically by the employer or its agents on paper format with the tender.</p>
4.10.2	The successful bidder will take full liability during the 24 Months service period.
4.10.3	<p>The employer's details and address for delivery of tender offers and identification details that are to be shown on each tender offer package are: Location of tender box: Block A Physical address: Corner of Nkosi Senyukele Jojo & Ngqubusini Street, Off Ntsizwa Street Mt Ayliff • 4735• Identification details: ALF5-26/27-0002 and the closing date and time is 10th of July 2026 @ 11:00 am</p>
4.10.4	<p>The tenderer is required to submit with his tender the following certificates:</p> <ol style="list-style-type: none"> 1) A copy of the CSD report showing, amongst other things, that tax matters of the service provider are in order with the South African Revenue Services. <i>In the case of a Joint Venture/Consortium/Sub-contractors each party must submit a separate CSD report showing, amongst other things, that tax matters of the service provider are in order with the South African Revenue Services.</i> 2) CIDB Grading certificate or CRS number.

5	Employer's undertakings																				
5.1	The Employer will respond to requests for clarification received up to Five (5) working days before the tender closing date and time.																				
5.2	Tenders will be opened immediately after the closing time for tenders at 11:00am hours .																				
5.3	The financial offer will be reduced to a comparative basis using the Tender Assessment Schedule.																				
5.3.1	<p>Table F.1: Formulae for calculating the value of A</p> <table border="1"> <thead> <tr> <th>Formula</th> <th>Comparison aimed at achieving</th> <th>Option 1^a</th> <th>Option 2^a</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Highest price or discount</td> <td>$A = \left(1 + \frac{(P - P_m)}{P_m} \right)$</td> <td>$A = \left(\frac{(P)}{P_m} \right)$</td> </tr> <tr> <td>2</td> <td>Lowest price or percentage commission/ fee</td> <td>$A = \left(1 - \frac{(P - P_m)}{P_m} \right)$</td> <td>$A = \left(\frac{(P_m)}{P} \right)$</td> </tr> <tr> <td>a</td> <td colspan="3">P_m is the comparative offer of the most favourable comparative offer</td> </tr> <tr> <td>P</td> <td colspan="3">is the comparative offer of the tender offer under consideration</td> </tr> </tbody> </table>	Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a	1	Highest price or discount	$A = \left(1 + \frac{(P - P_m)}{P_m} \right)$	$A = \left(\frac{(P)}{P_m} \right)$	2	Lowest price or percentage commission/ fee	$A = \left(1 - \frac{(P - P_m)}{P_m} \right)$	$A = \left(\frac{(P_m)}{P} \right)$	a	P _m is the comparative offer of the most favourable comparative offer			P	is the comparative offer of the tender offer under consideration		
Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a																		
1	Highest price or discount	$A = \left(1 + \frac{(P - P_m)}{P_m} \right)$	$A = \left(\frac{(P)}{P_m} \right)$																		
2	Lowest price or percentage commission/ fee	$A = \left(1 - \frac{(P - P_m)}{P_m} \right)$	$A = \left(\frac{(P_m)}{P} \right)$																		
a	P _m is the comparative offer of the most favourable comparative offer																				
P	is the comparative offer of the tender offer under consideration																				
5.3.2	The procedure for the evaluation of responsive tenders is Method 2: Compliance, Price and Preference.																				
5.3.3	<p>Phase One: Compliance, responsiveness to the bid rules and conditions.</p> <p>Phase Two: Bidders passing phase one will thereafter be evaluated on PPPFA and its regulation of 2022.</p> <p><u>PHASE ONE (1): COMPLIANCE, RESPONSIVENESS TO THE BID REQUIREMENTS AND RULES</u></p> <p>Bidders' proposals must meet the following minimum requirements and supporting documents must be submitted with the completed bid document in a sealed envelope in the bid box at the closing date and time. Failure to comply will automatically eliminate the bid for further consideration:</p> <ol style="list-style-type: none"> 1. Bids which are late, incomplete, unsigned or submitted by facsimile or electronically, will not be accepted. 2. Bid proposals must be submitted in an original format (re-typed bid documents will not be accepted) 3. Form of offer and Acceptance must be duly completed and signed. The amount reflected on the form of offer and acceptance takes precedence over any other total amount indicated elsewhere in tenderer's tender submission. If the form of offer and acceptance has no value in words, the tenderer will be regarded as having made no offer. 																				

4. Returnable schedule: **SBD 1-** Invitation to bid: Part A should be complete, Part B must be duly completed and signed. NB: (It is compulsory to complete the following: signature of bid, capacity under which this bid is signed and date).
5. Bidder must be registered with **CIDB grading of 2EB/1EB PE ONLY** in the following class of works (**EB**) as per the tender notice and requirements. It is the responsibility of the bidder to keep the status on CIDB active throughout bidding process (**advert till award stage**).
6. Bidders must be a legal entity or sole proprietor or partnership or joint venture or consortia.
7. The **SBD 4** declaration form must be duly completed and signed:
 - All questions from **2.1 to 2.3**. must be adequately answered.
 - All questions from **3 to 3.6** must also be adequately completed and signed.
 - In the event a director or one of the directors/trustees/shareholders/members of the company have any interest in any other related companies whether or not they are bidding for this contract, such interest must be disclosed on question 2.3.1 and failure to disclose will result in the elimination of the bidder (this information will be verified by evaluation committee through CSD).
8. Resolution to Sign must be duly completed and signed (applicable if the company has **more than one** shareholder or director).
9. Only one offer per item per bidder is allowed and alternative offers will not be considered. If more than one offer per item is received, none of the offers will be considered.
10. If a bidder is a **VAT Vendor/registered**, the bidder is required to explicitly state the VAT amount. Vat Vendors must include **VAT at 15%** in their bid offer(s)
11. This tender will be awarded as a whole (Inclusive provisional sums and allowances). All trades listed in the Bills of Quantities or Pricing schedule must be priced for, failure to do so will result in increase commercial risk of the bid and may lead to elimination or passing over of the bidder.
12. No sub-contracting will be allowed (the bidder must have full capacity to execute works).
13. The bidder must submit a minimum of one (1) contactable reference for projects successfully completed in the **past** (clearly indicating client name, contract value, contract term, contact person and contact details) *Refer to Annexure J*
14. *The bidder must submit a copy of the following certificates of the director or an employee:*
 - a. Electrical Trade Test and**
 - b. Valid Wireman's Certificate**

Other Conditions of bid (Non Eliminating)

1. The bidder must be registered on the Central Supplier Database (CSD) prior to the award.
2. All bidders' tax matters must be in order prior to award. Bidders' tax matters will be verified through CSD.
3. Prospective tenderers must register on CSD prior to submitting bids. Any prospective tenderer found to have Tax matters not in order with SARS (verified through CSD)

during the evaluation process (after being given an opportunity to rectify tax matters) will be eliminated and not be considered further in the process.

4. The Department will contract with the successful bidder by signing a formal contract, GCC 2015, 3rd Version.
5. Wherever a brand name is specified in this document (i.e. specifications, pricing schedule, bill of quantities or anywhere), the department requires an item similar/equivalent or better.
6. Compulsory Enterprise Questionnaire should be dully completed and signed.
7. Compulsory Declaration must be dully completed.
8. Declaration: Validity of Information provided should be dully completed and signed.
9. The Department may invalidate a bid if it is unsigned or not signed in indelible ink
10. An awarded bidder must establish an office within the Alfred Nzo Region within 21 days of award, submit proof of lease agreement or municipal account and a physical verification will be conducted at contract signing stage. (Kilometres claimed shall not be outside of Alfred Nzo Region)

PHASE TWO (2): EVALUATION OF POINTS ON PPPFA OF 2022 AND ITS REGULATION OF 2022.

THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT WILL BE APPLIED AND THE 80/20 PREFERENCE POINTS SYSTEM WILL BE APPLICABLE

POINTS FOR PRICE	80 POINTS
SPECIFIC GOALS	20 POINTS
TOTAL POINTS	100 POINTS

Please note:

1. Bidders need to complete and sign SBD 6.1 to claim points for specific goals. Failure will lead in non-awarding of points for specific goals
2. The Department intends to award this to the highest point scorer as whole, unless circumstances justifies otherwise
3. All information will be verified through CSD, using **Address 1** to confirm locality on claiming points
4. SBD 6.1 is attached

The 80/20 preference point system for acquisition of services, works or goods up to Rand value of R50 million:

(a) The following formula must be used to calculate the points for price in respect of tenders (including price quotation) with a Rand value equal to, or above R 30 000 and up to Rand value of R 50 000 000 (all applicable taxes included):

The financial offer will be scored using the following formula:

$$A = (1 - \frac{P - P_m}{P_m})$$

The value of value of W_1 is:

- 1) 90 where the financial value inclusive of VAT of all responsive tenders received have a value in excess of R50 000 000 or

	2) 80 where the financial value inclusive of VAT of one or more responsive tender offers have a value that equals or is less than R 50 000 000.
5.3.4	The procedure for the evaluation of responsive tenders is Method 4 (Financial offer, quality and preference) – N/A
5.3.5	The quality criteria and maximum score in respect of each of the criteria are as follows: N/A
5.3.6	Each evaluation criteria will be assessed in terms of five indicators – N/A
5.3.7	The prompts for judgment and the associated scores used in the evaluation of quality shall be as follows: N/A
5.4	<p>Tender offers will only be accepted if:</p> <ul style="list-style-type: none"> As per the Bid conditions <p>NOTE: The amount reflected on the Form of Offer and Acceptance takes precedence over any other total amount indicated elsewhere in tenderer's tender submission. If the Form of Offer and Acceptance has no value or figure, the tenderer will be regarded as having made no offer. If the bid sum(amount in words) differs from the bid sum (amount in figures), the bid sum (amount in words) will govern.</p>
5.5	The number of paper copies of the signed contract to be provided by the employer is one(1).
5.6	<p>The additional conditions of tender are:</p> <ul style="list-style-type: none"> Wherever a brand name is specified in this document (i.e. specifications, pricing schedule, bill of quantities or anywhere), the department requires an item similar/equivalent or better.
T.2.1	B. List of returnable documents
1	<p>Documentation to demonstrate eligibility to have tenders evaluated i.e. List all documentation to demonstrate eligibility to have a submission evaluated. Appropriate CIDB grading suitable for the works (as in the tender notice and requirements).</p>
2	<p>Returnable Schedules required for tender evaluation purposes;</p> <ul style="list-style-type: none"> As per the Bid conditions.
3	<p>Other documents required for tender evaluation purposes</p> <ul style="list-style-type: none"> Bidders need to complete and sign SBD 6.1 to claim points for specific goals. Failure will lead in non-awarding of points for specific goals The Department intends to award this to the highest point scorer as whole, unless circumstances justifies otherwise All information will be verified through CSD SBD 6.1 is attached

4	<p>Returnable Schedules that will be used for tender evaluation purposes and be incorporated into the contract</p> <p>The tenderer must complete the following returnable documents:</p> <ul style="list-style-type: none"> • As per the Bid conditions.
5	<p>Only authorized signatories may sign the original and all copies of the tender offer where required.</p> <p>In the case of a ONE-PERSON CONCERN submitting a tender, this shall be clearly stated.</p> <p>In the case of a COMPANY submitting a tender, include a copy of a <u>resolution by its board of directors</u> authorizing a director or other official of the company to sign the documents on behalf of the company.</p> <p>In the case of a CLOSE CORPORATION submitting a tender, include a copy of a <u>resolution by its members</u> authorizing a member or other official of the corporation to sign the documents on each member's behalf.</p> <p>In the case of a PARTNERSHIP submitting a tender, <u>all the partners</u> shall sign the documents, unless one partner or a group of partners has been authorized to sign on behalf of each partner, in which case <u>proof of such authorization</u> shall be included in the Tender.</p> <p><u>Accept that failure to submit proof of authorization to sign the tender shall result in the tender offer being regarded as non-responsive.</u></p>
6	<p>Information and data to be completed in all respects</p> <p>Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as nonresponsive.</p>
7	<p>Canvassing and obtaining of additional information by tenderers</p> <p>The Tenderer shall not make any attempt either directly or indirectly to canvass any of the Employer's officials or the Employer's agent in respect of his tender, after the opening of the tenders but prior to the Employer arriving at a decision thereon.</p> <p>The Tenderer shall not make any attempt to obtain particulars of any relevant information, other than that disclosed at the opening of tenders.</p>
8	<p>Prohibitions on awards to persons in service of the state</p> <p>The Employer is prohibited to award a tender to a person -</p> <ol style="list-style-type: none"> a) Who is in the service of the state; or b) If that person is not a natural person, of which any director, manager, principal shareholder or stakeholder is a person in the service of the state; or c) A person who is an advisor or consultant contracted with the Department or municipal entity. <p>In the service of the state means to be -</p> <ol style="list-style-type: none"> a) A member of: - <ol style="list-style-type: none"> a) Any municipal council; b) Any provincial legislature; or c) The National Assembly or the National Council of Provinces; b) A member of the board of directors of any municipal entity; c) An official of any Department or municipal entity; d) An employee of any national or provincial department;

	<p>e) Provincial public entity or constitutional institution within the meaning of the Public Finance Management Act, 1999 (Act No.1 of 1999);</p> <p>f) A member of the accounting authority of any national or provincial public entity; or</p> <p>g) An employee of Parliament or a provincial legislature.</p> <p>In order to give effect to the above, the questionnaire for the declaration of interests in the tender of persons in service of state in part T2 of this procurement document must be completed.</p>
9	<p>Awards to close family members of persons in the service of the state</p> <p>Accept that the notes to the Employer's annual financial statements must disclose particulars of any award of more than R2000 to a person who is a spouse, child or parent of a person in the service of the state (defined in clause 8 above), or has been in the service of the state in the previous twelve months, including the following:</p> <p>a) The name of that person;</p> <p>b) The capacity in which that person is in the service of the state; and</p> <p>c) The amount of the award.</p> <p>In order to give effect to the above, the questionnaire for the declaration of interests in the tender of persons in service of state in part T2 of this procurement document must be completed.</p>
10	<p>Respond to requests from the tenderer</p> <p>The employer will respond to requests for clarification up to 5 (five) working days before the tender closing date and time.</p>
11	<p>Opening of tender submissions</p> <p>Tenders will be opened immediately after the closing time and date for tenders</p>
12	<p>Scoring quality / functionality: N/A</p>
13	<p>Cancellation and re-invitation of tenders</p> <p>An organ of state may, prior to the award of the tender, cancel the tender if-</p> <p>(a) Due to changed circumstances, there is no longer a need for the services, works or goods requested; or</p> <p>(b) Funds are no longer available to cover the total envisaged expenditure; or</p> <p>(c) No acceptable tenders are received.</p> <p>(d) Tender validity period has expired.</p> <p>Where applicable, the decision to cancel the tender will be published in the CIDB website and in the Tender Bulletin or the media in which the original tender invitation as advertised.</p>
14	<p>Dispute resolution mechanism will be done through the Litigation route.</p>

Name of family member	Name of institution, public office, board or organ of state and position held	Status of service (✓ (tick) appropriate column)	
		Current	Within last 12 months

*insert separate page if necessary

Section 8: Record of termination of previous contracts with an organ of state

Was any contract between the tendering entity including any of its joint venture partners terminated during the past 5 years for reasons other than the employer no longer requiring such works or the employer failing to make payment in terms of the contract.

Yes No (Tick appropriate box)

If yes, provide particulars (insert separate page if necessary)

Section 9: Declaration

The undersigned, who warrants that he / she is duly authorised to do so on behalf of the tendering entity confirms that the contents of this Declaration are within my personal knowledge, and save where stated otherwise in an attachment hereto, are to the best of my belief both true and correct, and:

- i) neither the name of the tendering entity or any of its principals appears on:
 - a) the Register of Tender Defaulters established in terms of the Prevention and Combating of Corrupt Activities Act of 2004 (Act No. 12 of 2004)
 - b) National Treasury's Database of Restricted Suppliers (see www.treasury.gov.za)
- ii) neither the tendering entity or any of its principals has within the last five years been convicted of fraud or corruption by a court of law (including a court outside of the Republic of South Africa);

- iii) any principal who is presently employed by the state has the necessary permission to undertake remunerative work outside such employment (attach permission to this declaration);
- iv) the tendering entity is not associated, linked or involved with any other tendering entities submitting tender offers
- v) has not engaged in any prohibited restrictive horizontal practices including consultation, communication, agreement, or arrangement with any competing or potential tendering entity regarding prices, geographical areas in which goods and services will be rendered, approaches to determining prices or pricing parameters, intentions to submit a tender or not, the content of the submission (specification, timing, conditions of contract etc.) or intention to not win a tender;
- vi) has no other relationship with any of the tenderers or those responsible for compiling the scope of work that could cause or be interpreted as a conflict of interest;
- vii) neither the tenderer or any of its principals owes municipal rates and taxes or municipal service charges to any municipality or a municipal entity and are not in arrears for more than 3 months;
- viii) SARS may, on an on-going basis during the term of the contract, disclose the tenderer's tax compliance status to the Employer and when called upon to do so, obtain the written consent of any Sub-Consultants who are subcontracted to execute a portion of the contract that is entered into in excess of the threshold prescribed by the National Treasury, for SARS to do likewise.

The undersigned, who warrants that she/ he is duly authorised to do so on behalf of the enterprise, confirms that the content of this schedule that presented by the tenderer are within my personal knowledge and are to the best of my knowledge both true and correct.

NOTE 1 The Standard Conditions of Tender contained in SANS 10845-3 prohibits anticompetitive practices (clause 3.1) and requires that tenderers avoid conflicts of interest, only submit a tender offer if the tenderer or any of his principals is not under any restriction to do business with employer (4.1.1) and submit only one tender either as a single tendering entity or as a member in a joint venture (clause 4.13.1). Clause 5.7 also empowers the Employer to disqualify any tenderer who engages in fraudulent and corrupt practice. Clause 3.1 also requires tenderers to comply with all legal obligations.

NOTE 2: Section 30(1) of the Public Service Act, 1994, prohibits an employee (person who is employed in posts on the establishment of departments) from performing or engaging remunerative work outside his or her employment in the relevant department, except with the written permission of the executive authority of the department. When in operation, Section 8(2) of the Public Administration Management Act, 2014, will prohibit an employee of the public administration (i.e. organs of state and all national departments, national government components listed in Part A of Schedule 3 to the Public Service Act, provincial departments including the office of the premier listed in Schedule 1 of the Public Service Act and provincial departments listed in schedule 2 of the Public Service Act, and provincial government components listed in Part B of schedule 3 of the Public Service Act) or persons contracted to executive authorities in accordance with the provisions of section 12A of the Public Service Act of 1994 or persons performing similar functions in organs of state from conducting business with the State or to be a director of a public or private company conducting business with the State. The offence for doing so is a fine or imprisonment for a period not exceeding 5 years or both. It is also a serious misconduct, which may result in the termination of employment by the employer.

NOTE 3: Regulation 44 of Supply Chain Management regulations issued in terms of the Municipal Finance Management Act of 2003 requires that organs of state and municipal entities not award a contract to a person who is the service of the state, a director, manager or principal shareholder in the service of the state or who has been in the service of the state in the previous twelve months.

NOTE: 4: Regulation 45 of Supply Chain Management regulations requires a municipality or municipal entity to disclose in the notes to the annual statements particulars of any award made to a close family member in the service of the state.

NOTE: 5 Corrupt activities which give rise to an offence in terms of the Prevention and Combating of Corrupt Activities Act of 2004) include improperly influencing in any way the procurement of any contract, the fixing of the price, consideration or other moneys stipulated or otherwise provided for in any contract and the manipulating by any means of the award of a tender.

NOTE: 6 Section 4 of the Competition Act of 1998 prohibits restrictive horizontal practice including agreements between parties in a horizontal relationship which have the effect of substantially preventing or lessening competition, directly or indirectly fixing prices or dividing markets or constitute collusive tendering. Section 5 also prohibits restrictive vertical practices. Any restrictive practices that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties.

BIDDER'S DISCLOSURE

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. Bidder's declaration

2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest¹ in the enterprise, employed by the state? **YES/NO**

2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution

1. Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution? **YES/NO**

2.2.1 If so, furnish particulars:

.....
.....

2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract?
YES/NO

2.3.1 If so, furnish particulars:

.....
.....

3 DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I certify to be true and complete in every respect:

- 3.1 I have read and I understand the contents of this disclosure;
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium² will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 3.4 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.5 There have been no consultations, communications, agreements or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved

2. Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

in the drafting of the specifications or terms of reference for this bid.

- 3.6 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT.

I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the 80/20 preference point system.
- b) The lowest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is

adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc}
 \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\
 \\
 \mathbf{Ps} = \mathbf{80} \left(\mathbf{1} - \frac{\mathbf{Pt} - \mathbf{Pmin}}{\mathbf{Pmin}} \right) & \mathbf{or} & \mathbf{Ps} = \mathbf{90} \left(\mathbf{1} - \frac{\mathbf{Pt} - \mathbf{Pmin}}{\mathbf{Pmin}} \right)
 \end{array}$$

Where

Ps = Points scored for price of tender under consideration
 Pt = Price of tender under consideration
 Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc}
 \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\
 \\
 \mathbf{Ps} = \mathbf{80} \left(\mathbf{1} + \frac{\mathbf{Pt} - \mathbf{Pmax}}{\mathbf{Pmax}} \right) & \mathbf{or} & \mathbf{Ps} = \mathbf{90} \left(\mathbf{1} + \frac{\mathbf{Pt} - \mathbf{Pmax}}{\mathbf{Pmax}} \right)
 \end{array}$$

Where

- Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmax = Price of highest acceptable tender

POINTS AWARDED FOR SPECIFIC GOALS

- 3.3. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 3.4. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,
- then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below. (Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such. Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
Historically Disadvantaged Individual:-		
(a) 100% black ownership	4	
(b) 51% to 99% black ownership	2	
(c) Less than 51% black ownership	0	
Black women ownership:-		
(a) 100% black women ownership	4	
(b) 30% to 99% black women ownership	2	
(c) Less than 30% black women ownership	0	
Black youth ownership:-		
(a) 100% black youth ownership	6	
(b) 30% to 99% black youth ownership	4	

	(c) Less than 30% black youth ownership	0	
People with disability:-			
	(a) 20% or more disabled people ownership	2	
	(b) Less than 20% disabled people ownership	0	
Locality:-			
	(a) Within the Eastern Cape	4	
	(b) Outside the Eastern Cape	0	

DECLARATION WITH REGARD TO COMPANY/FIRM

3.5. Name of company/firm.....

3.6. Company registration number:

3.7. TYPE OF COMPANY/ FIRM

- Partnership/Joint Venture / Consortium
- One-person business/sole propriety
- Close corporation
- Public Company
- Personal Liability Company
- (Pty) Limited
- Non-Profit Company
- State Owned Company

[TICK APPLICABLE BOX]

3.8. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person’s conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;

- (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
- (e) forward the matter for criminal prosecution, if deemed necessary.

Form of Offer and Acceptance

Annex C

(normative)

FORM OF OFFER AND ACCEPTANCE

Project title	TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT
SCMU number	ALF5-26/27-0002

OFFER

The employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of:

TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT

The tenderer, identified in the offer signature block, has examined the documents listed in the tender data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the contractor under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the conditions of contract identified in the contract data.

THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS

.....Rand (in words);

R(in figures) (or other suitable wording)

This offer may be accepted by the employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the tender data, whereupon the tenderer becomes the party named as the contractor in the conditions of contract identified in the contract data.

ACCEPTANCE

By signing this part of this form of offer and acceptance, the employer identified below accepts the tenderer's offer. In consideration thereof, the employer shall pay the contractor the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the tenderer's offer shall form an agreement between the employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

- Part C1 Agreements and contract data, (which includes this agreement)
- Part C2 Pricing data
- Part C3 Scope of work.
- Part C4 Site information and drawings and documents or parts thereof, which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the returnable schedules as well as any changes to the terms of the offer agreed by the tenderer and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this form of offer and acceptance. No amendments to or deviations from said documents are valid unless contained in this schedule.

The tenderer shall within 3 weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's agent (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five working days of the date of such receipt notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.¹

RELEVANT PROJECT EXPERIENCE – COMPLETED PROJECTS

Tenderers must submit a max one-page description of at least three projects successfully completed.
Attach an Completion Certificate for each of the project provided.

The description of each project must include the following information:

1. Essential introductory information:
 - 1.1. Name of project.
 - 1.2. Name of client.
 - 1.3. Contact details of client.
 - 1.4. Contact details (including telephone numbers and email addresses) of currently contactable references.
 - 1.5. The period during which the project was performed, and also, if this is different, the period during which the tenderer's team members were contracted.
 - 1.6. Cost of works and/or contract value (making it clear in broad terms what this cost/value purchased, and to what extent (if any) this cost/value was part of a larger project budget or programme budget).

Tender No:	ALF5-26/27-002

1. BILL OF QUANTITIES

The **bill of quantities** forms part of and must be read with all the other documents forming part of the **contract documents**, the Standard Conditions of Tender, Conditions of Contract, Specifications and all other relevant documentation.

2. VALUE ADDED TAX

The tender price must include for Value Added Tax (VAT). All rates, provisional sums, etc. in the **bill of quantities** must however be net (exclusive of VAT) with VAT calculated and added to the Total Value thereof in the Final Summary.

PART C3

SCOPE OF WORKS

Project title:	TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT
SCMU NUMBER:	ALF5-26/27-0002

C3. Scope of Works

1. GENERAL

- a) The standard for uniformity in construction procurement published in terms of the Construction Industry Development Board (CIDB) Act, 2000 (Act no. 38 of 2000), the Standardized Construction Procurement Documents for Engineering Construction Works as issued by the CIDB and any other relevant documentation pertaining thereto must be studied and all principles in this regard must be applied to all procurement documentation, practices and procedures.
- b) The consultant(s)/ project manager must acquaint themselves fully with all relevant matters pertaining to this section in order to enable prospective tenders to price for all eventualities.

2. EXTENT OF THE WORKS

a) EXTENT OF THE WORKS

Supply of electrical material, execution of repair works related to existing electrical components and new electrical installations

b) ORDER OF THE WORKS

Works to be executed upon receipt of Instruction in the form of a works order.

The rates shall be inclusive of labour and transport costs. Claims for works executed by the service provider must at all times, as reasonable practicable as possible tie up with the rates as per the service provider's priced Bill of Quantities.

c) ACCESS

There are no special restrictions or requirements with regards to access on site.

CONTRACT PERIOD

The works is of a generally minor nature and can be completed and expedited over a short period by a competent contractor. The works are to be completed in a given period based on the programme of works for individual site instruction or works order issued by Project Manager / Leader.

RESTRICTIONS AND CONSTRAINTS

The completion of the project is urgent and work shall be executed during normal working hours i.e. 8h00 until 16h30 daily including weekends and even after hours depending on the nature work.

Noise must be kept to a minimum and within acceptable levels at all times.

Dust emanating from the work site must be controlled

OPERATIONAL PROTOCOLS

Security is a priority, and the site shall be kept safe at all times

The approved Health and Safety plan shall be adhered to at all times

All staff members of the contractor shall wear PPE at all times

ACCEPTANCE OF TENDERS

The Employer is not bound to accept the lowest, or any tender, or any portion of any tender.

MINIMUM WAGE

The Contractor shall adhere to "The national minimum wage determined by the Minister in accordance with the National Minimum Wage Act (NMWA)", and yearly pronounced increases for duration of contract. (Currently R 23.19 for each ordinary hour worked).

TEMPORARY WORKS

All temporary work to comply with the Construction Health and safety Act (Act 85 of 1993) and its regulations.

TERMINATION OF CONTRACT

The Department of Public Works and Infrastructure reserves the right to terminate the contract based on the contract offer specifically when funds in the offer are depleted with no further extension

d) ORDER OF THE WORKS

Works to be executed upon receipt of Instruction in the form of a works order.

The rates shall be inclusive of labour and transport costs. Claims for works executed by the service provider must at all times, as reasonable practicable as possible tie up with the rates as per the service provider's priced Bill of Quantities. The service provider must provide all working tools and PPE.

e) ACCESS

There are no special restrictions or requirements with regards to access on site.

DETAILED TECHNICAL SPECIFICATION

ELECTRICAL INSTALLATION

1. STANDARD CONDITIONS OF CONTRACT

1.1 The Supply Chain Management Policy of the Department, shall apply to this contract.

Note: The contract sum does not constitute a single project. Rather it would be made up of individual ADHOC incidents. **Expenditure of the full contract sum is not guaranteed.**

2. KNOWLEDGE

2.1 This specification is for servicing, maintenance, repair and replacement of Electrical Installation to facilities used by the Department of Public Works and Infrastructure in Peddie Sub Region.

2.2 It is important to note that this is a term tender and no items, quantities or materials are specified. Once a contractor is appointed thorough inspection can be done to determine repair/maintenance work to be done. Work instructions will be issued by the Department of Public Works and Infrastructure official managing the contract and the relevant department will issue a works order prior to commencement of work.

2.3 All the work to be carried out by a registered Electrical Contractor. Registration Certificates of the person who is going to carry out the work must be attached.

2.4 The Electrical equipment repaired, maintained, serviced, supplied and installed shall be complete and functional and shall be as a minimum according to the specification, the latest revisions of the following standards and specifications as well as the standards and specifications referenced in the documents listed below:

i) Department of Public Works and Infrastructure standard specification for electrical installation is available from National Public Works website.

ii) SANS 10400: The Application of the National Building Regulations.

iii) Occupational Health and Safety Act and Regulations

iv) Department of Public Works and Infrastructure specification PW371: Specification of Materials and Methods to be used and is available from National Public Works website.

v) SANS 10142: The Wiring of Premises Part 1: Low Voltage Installations

All other relevant specifications, standards and documents whether referenced in the above documents or not.

Any conflicting information must be referred to the electrical inspector/ technician for clarification.

2.5 The equipment to be serviced, maintained, repaired, supplied and installed is intended for use on a daily basis.

2.6 The appointed contractor to service, repair, maintain, supply and install shall be responsible for the proper and safe functioning of the installations and any claim on the grounds of want of knowledge will not be entertained.

2.7 It is compulsory that bidders acquaint themselves with the content of all the above and indirectly referenced Standards and specifications. No additional costs shall be entertained as a result of bidders not taking note of the above referenced documents.

BID DOCUMENT

3.1 All documents submitted must be clearly marked, without alterations and no pages may be removed.

3.2 The successful tenderer shall be bound by his scheduled rates for a period of twelve (12) months from the commencement date of the contract. No further adjustment will be entertained.

3.3 All items in the attached Schedule of Rates must be priced. Where an unpriced item has been allowed to stand, the bid will be regarded as invalid.

3.4 The Department retains the right to have work executed for which no schedule rates exist: rates for such work shall be calculated on the cost of materials used (invoice to be supplied) plus the contractor's percentage mark-up as indicated in the schedule of rates. The labour cost shall be as indicated in the schedule of rates, transport costs as per the schedule of rates, and to the total **15% VAT shall be added if the bidder is a VAT vendor**. The above shall include supervision, administration and all other overhead costs and profit. The total thus arrived at shall be the total amount recoverable by the contractor for performing such work. Supporting vouchers showing the time spent and materials used and distance travelled in respect of completed work must be submitted to this office within 30 days from the date of completion of the service.

3.5 Provisional quantities are placed against each item in the attached schedule of rates to enable the representative to evaluate these tenders. Tenderers' attention is drawn to the fact that the totals arrived at on the summary page is in no way indicative of the amount of work to be performed over the one-year term of this contract.

3.6 All items in the schedule of rates to be priced extended and totalled in black ink.

3.7 The tenderer hereby offers to provide all the transport and equipment and to do everything necessary in and for the entire completion of the work and service during the one-year term and in the area stated for the sum tendered against the relative items in the attached priced schedule of rates to the entire satisfaction of the Department of Public Works and according to the attached standards.

4. LEGAL REQUIREMENTS

4.1 During the supply, installation and commissioning all work shall be carried out according to the requirements of the Occupational Health and Safety Act and regulations and the health and safety plan. After completion each site/building/ shall comply to all the fire safety requirements as specified in the Occupational Health and Safety Act and regulations as well as the national building regulations as per SANS 10400 and with professional conduct and industry norms.

4.2 All registration certificates, written local authority approvals, test certificates and certificate of compliance shall be submitted to the Department of Public Works and Infrastructure before the installation will be accepted for first delivery.

5. WARRANTY

5.1 The contractor is to guarantee any item, plant, equipment and accessories repaired, serviced, maintained or supplied and installed for a period of (twelve months for new installations and any reasonable period for the repairs) against any latent or obvious defects and non-conformance from date of completion and certification of the annual service and/or installation. Any such defects and/or failure that may occur or become evident during the guarantee period shall be rectified within twenty four (24) hours after being notified of the occurrence of the defect. If the nature of the defect is such that it cannot be rectified within 24 hours, the repair time shall be mutually agreed between DPWI and the appointed contractor. In the event that such failure and/or defect constitute a threat to the health and safety of the user and/or occupants, the contractor shall take immediate steps to rectify the fault. The contractor shall also submit to the Department of Public Works and Infrastructure a full report describing the nature of failure, cause of failure and possible methods to prevent failure in the future.

- a. In the event that the contractor does not attend to such defects after being notified, the Department and/or user reserve the right to effect the rectification of the defect and recover the costs thus incurred from the contractor.

6. SITE

- 6.1 The facilities is listed in Annexure "A" of the Schedule.
- 6.2 The buildings, sites and facilities are in use on a daily basis, safety precautions shall be taken to prevent injury or death and the possibility of damaging any nearby buildings and/or vehicles. Any disruptions and/or disturbances at the various facilities shall be kept to a minimum.
- 6.3 Buildings are not occupied continuously. Work must therefore be coordinated to ensure user attendance during executing the work.
- 6.4 Access to buildings shall only be by appointment and under supervision of the relevant DPWI official responsible person for managing this contract. Ad-hoc access and general loitering by contractor's staff will not be tolerated.
- 6.5 All contractor employees must wear identification tags and be properly dressed with PPE.

7. CONTRACT PERIOD

- 7.1 The repair, maintenance, servicing, supply and installation of all electrical equipment shall be done over a period of 12 months, excluding the guarantee period. Commencing from the date of award or the signing of contract until the expiry of contract or the value budgeted for the works has been depleted – whichever event occurs first.
- 7.2 The work shall be dedicated to the annual servicing, ad-hoc repairs, general repairs, maintenance and maintaining compliance of fire safety equipment and associated services.
- 7.3 Work instructions shall be issued to the contractor listing the buildings and work to be performed.

8. MAKING GOOD TO TRADES AND CLEARING SITE

- 8.1 After completion of any work all trades shall be made good and left in a clean and neat condition. All painting and making good processes shall be done according to the relevant SANS document as well as the list of standards mentioned in this document. Re-painting of building walls etc. shall be included and any new color must match the existing color of the surface to be repaired. Any preparation work shall be inspected and approved by DPWI before commencement of the final making good action. Painting in patches will not be accepted. Any paint repairs must be done to a complete panel and not only a small patch that was damaged. All packaging material, rubble, blasting material, crates and items used for commissioning shall be removed from the site and disposed of in a correct and legal manner.

9. PENALTY FOR DELAY

For the works as a whole:

The date for practical completion shall be one (1) year from the commencement date.

Due to the nature of this contract, it will be difficult to impose penalties for non-compliance; under-compliance or poor performance by the awarded contractor and therefore should any of the above occur, it shall be regarded as a breach of contract and the Department shall be entitled to terminate this Agreement after it had notified the contractor about the breach of contract in writing.

Should the contractor breach any provision of the Contract Agreement and fail to remedy such breach within seven (07) days of receipt of written notice from the Department, the Department shall be entitled to cancel the contract agreement by giving written notice to that effect to the contractor. Such cancellation shall be without prejudice to any other remedies the Department may have in terms of common law pursuant to such breach and termination. The Department shall not be precluded from claiming damages from the contractor, should damages be suffered by the Department or any third party as a result of any conduct on the part of the contractor.

10. SUMMARY OF SCOPE OF WORK

10.1 This specification is for the systematic servicing, maintenance, general and ad-hock repair and replacement of electrical installation of various facilities used by Department of Public Works and Infrastructure: Alfred Nzo Region and is not limited to the scope of works summary

10.2 The electrical installation mainly consists of the following:

- Distribution boards
- Luminaires
- Light switches
- Photocells
- Power outlets and fixed appliances
- Earthing, bonding and lightning protection
- Area lighting
- Security lighting

The following main actions and requirements are included in the scope of work:

10.4 Ensure all facilities and buildings comply with all the health and safety requirements as per SANS 10142.

10.5 Report any additional repairs and shortcomings to electrical installation not previously listed but required to ensure compliance.

10.6 Repair electrical installation on an ad-hoc basis as and when instructed by the designated representative from DPWI

10.7 Provide a health and safety plan for approval complete with all the requirements of the OHS Act and this specification.

10.8 Provide all safety notices, health and safety plan and safety equipment.

10.9 Prepare a fire equipment asset register with serial numbers, sizes, service and test dates for inclusion in a database for use as an asset register.

10.10 Repair or replace all damaged, loose or missing escape and appliance signage in accordance with the agreed schedule.

10.11 Allow for the use of specialist contractors to repair, service and/or replace lightning protection, pressure test cables and infrared scanning. Bidders take cognizance and make allowance for the fact that continuity and sequence of work is likely to occur but cannot be guaranteed. Claims arising from such instances will not be entertained.

11. SUPERVISION

11.1 The work shall at all time, for the duration of the contract be carried out under the supervision of a competent bidder or the representative of the contractor.

All electrical work shall be performed by registered or licensed staff of the Contractor, as required by legal statute. Copies of registration or license documents shall be submitted at the beginning of this contract. Electrical testers for single phase do not comply with this requirement. Registered electrician and suitably skilled personnel shall be available to carry out any emergency repair work on a 24-hour basis including week-ends and public holidays.

Any repair/maintenance and servicing done by a non-registered person shall be regarded as incomplete and therefore not paid for.

12. SAMPLES AND ALTERNATIVES

12.1 All material used shall comply with the relevant SANS documents. DPWI reserves the right to specify the equipment and or materials utilised in the works. No alternatives to equipment and or materials are to be used unless written approval is obtained from the designated DPWI official.

12.2 All materials used and installed to be SABS approved and clearly marked as such.

13. SERVICE PERSONNEL AND REGISTERED PREMISES

13.1 Servicemen has to have acceptable qualifications and experience to carry out the servicing and repairs to the electrical installation in terms of SANS 10142. Any repair/maintenance and servicing done by a non-registered shall be regarded as incomplete and therefore not paid for.

Original certificates of compliance to be issued for new installations.

13.2 Scheduled servicing and repair personnel and vehicles shall be made available according to requirements of the servicing schedules and repair orders to be issued by DPWI as well as for the travelling time requirements that:-

- No scheduled service shall be carried out later than 14 days after the due date indicated on the service schedule.

All repairs which are not classified as emergency repairs shall be carried out within 72 hours after being instructed by DPWI.

14 NOTIFICATION TO MOVE ON SITE

14.1 The contractor shall notify the relevant department timeously when equipment is scheduled to be serviced, repaired or maintained, giving the approximate date and time when the service, repair or maintenance due and the anticipated duration of the service or repair to be carried out. Furthermore, the contractor shall notify the DPWI representative by e-mail and telephone should they not be able to comply with the repair period specified in the schedules, the reason for the delay and the anticipated date of completion. Should the contractor fail to comply with this stipulation, DPWI representative shall be entitled to engage the service of an alternative contractor, and the entire cost of the repair carried out by the alternative contractor under such circumstances, excluding parts.

15 INSPECTIONS AND REPORTS

15.1 SERVICE/REPAIR REPORTS

i) The service/repair report shall be submitted after each service/repair for all buildings or facilities and shall include the following:

- Condition of equipment
- Allocate a number which will include the department, location and appliance identification.
- Dates of servicing/repair, next service and testing where required.
- Defective or missing items

ii) The format of the report is left to the contractor's discretion but is subject to the approval of the employer's representative.

iii) No payment will be processed unless the service report is submitted.

15.2 FINAL EQUIPMENT INSPECTION, STATUS AND CONDITION REPORT

On the completion of the servicing and maintenance of a facility a report shall be submitted together with the job card on every item of equipment being repaired and maintained under the contract at that time as well as a full completion report giving the condition of equipment and quantity. The format of the report is left to the contractor's discretion but is subject to prior approval by DPWI.

Should an inspection visit reveal any fault, neglect or shortcomings, these shall immediately be remedied by the contractor at his own expense and to the satisfaction of the inspector.

15.3 ADMINISTRATION, RECORD KEEPING AND REPORTING

i) Administration

The contractor shall be responsible for the completion and submission to the employer's representative of all service records, test certificates, service schedules, completion certificates, payment claims, forms and any other documents required by the relevant SANS and DPWI.

ii) Work Instructions

The Departmental representative will issue work instructions for the contractor to proceed with the servicing.

iii) Record Keeping

The contractor shall be responsible for maintaining detailed records of all work carried out in terms of this contract and in particular shall be responsible for the completion of forms as specified above.

16 TRAVELLING

16.1 Travelling cost shall be included in the pricing schedule.

17. HEALTH AND SAFETY

17.1 The contractor is to comply with the Health and Safety Act and Regulations. Employees are to be supplied with Personal Protective Equipment (PPE) as required.

17.2 A Health and safety Plan shall be submitted for approval by DPWI prior to commencement on work on site.

17.3 Most luminaires in the various facilities are fitted with fluorescent tubes to provide the required lighting. Where these need to be replaced, great care shall be taken when removing them.

Risk analysis & safe work procedures relating to all fluorescent tube work shall be included in the Health & Safety Plan. Fluorescent tubes contain phosphor and mercury toxins and are extremely hazardous to personal health and shall therefore be handled in terms of the EPA & other relevant Regulations. All handling of fluorescent tubes shall be executed by an authorized person/s complying with the requirements of the Regulations. The certificate of the said authorized person/s shall be submitted to the Project Leader or Engineer. The certificate shall remain valid for the entire period during which the said person/s is/are performing work on hazardous material. Allowance shall be made for everything necessary including but not limited to safety containers, protective clothing, signs, tools & complete decontamination upon the removal of samples or bulk tubes.

A disposal certificate shall be submitted on completion of all removals. The waste from individual facilities shall be safely stored until such time as the removal of fluorescent tube material from each facility has been completed such that one bulk disposal can be made per facility.

18. SERVICING PROCEDURES

18.1 Any faulty equipment that must be condemned must be removed from site, made safe and disposed of in a manner that cannot cause any injury or death or any harm to the environment. Such removal and disposal shall be clearly documented and recorded. The works to be carried out at the maintenance service visit shall include the following:

DISTRIBUTION BOARDS

Scope

The general checklist includes the following:

- Inspect and clean the distribution boards treat the enclosure for moisture ingress and corrosion.
- Check for rigidity and fastening of equipment trays, panels, doors and handling devices.
- Check locking mechanism and fit padlock. All padlocks shall be of local manufacture with brass bodies and 75 mm chrome shackles. Three keys (with PVC labels) shall be provided for each lock. Replace damaged or missing faceplates, doors, mounting frames, handles, thumb catches, etc.
- Check operation of distribution board equipment and meters, replace if faulty or damaged with an approved type.
- Remove all obsolete equipment and meters. Check and fasten wiring and cable terminations.
- Re-arrange wiring and equipment to give a neat installation. Trace outgoing circuits.
- Fit labelling and blank face plate covers.
- Replace the distribution boards if required and replacement is approved by the qualified electrical tradesman of Engineer. Check earth bar and earth continuity, record.
- Label all wiring and cabling with Grafoplast Trasp PVC markers.

LUMINAIRES

Scope

- Service luminaires: remove lens and lamp. Wash lens thoroughly. Wash luminaire body with detergent.
- Clean polished pure aluminium reflectors with benzine.
- Check condition of internal wiring, capacitor, ballasts and starters. Check condition of neoprene seal and replace if worn or damaged. Check condition of lamp holder.
- Seal conduit and wiring entry with silicone to eliminate water ingress. Fit new lamp.

- Check condition of earth stud and luminaire earth connection. Replace all missing screws, lens catches, bolts.
- Close cover securely, check stirrup bolts.
- Replace luminaires: Remove existing damaged luminaires, supply and install similar and approved luminaires complete with lamps and electronic control gear, if applicable.

LIGHT SWITCH

Scope

- Remove switch cover.
- Check continuity of earth connection.
- Check operation of switch and replace if suspect.
- Replace switch cover, fit new csk stainless steel screws if required.
- Switch cover shall be fitted with an engraved Traffolite label as per Nosa-standard
- Replace light switch: Remove existing damaged light switch, supply and install similar and approved light switch, if applicable

PHOTOCELL (DAY/NIGHT SWITCH OR DAYLIGHT)

Scope

- Wash translucent body with detergent. Cover photocell and verify operation. Check bypass manual switching circuit.
- Enclose all exposed wiring in 16 mm \varnothing sprague.
- Replace photocell: Remove existing damaged photocell, supply and install similar and approved photocell, if applicable. For instances where there is several lighting, a NATIONAL NS416 DAYLITE SWITCH will be required for durability

POWER OUTLET AND FIXED APPLIANCES

Scope

- Inspect all power outlets and verify earthing.
- Check contact points and tighten screws.
- Replace missing screws and covers for outlet and draw boxes.
- Replace missing, faulty or damaged socket outlets and plugs.
- Check conditions and operation of local isolators and control switches for fixed equipment and replace if faulty, damaged or missing.
- Check earthing of fixed appliances and test for earth continuity. Inspect cable and wireways.
- Check for rigidity and fastening of the cable ducts, ladders, ducting, power skirting and surface conduits, fasten or replace if loose or damaged, check earthing and test for earth continuity.

EARTHING, BONDING AND LIGHTNING PROTECTION

Scope

- Check earthing and bonding of buildings, outlet points, equipment, cable and wireways, fixed appliances, water, gas pipes, etc.
- Check installation and termination of protective conductors and earth electrodes. Test for earth continuity.
- Provide 6 mm² copper earth wire jumper between roof cladding and all gutter downpipes. Fasten with lugs and galvanized zinc bolts. Typically, ten downpipes per housing unit. Earth at least two gutter downpipes by means of 16mm² green insulated earth wire connected to 1.2m earth electrode by means of cadwelding. Typically, two downpipes per 25m long housing unit.

AREA LIGHTING

Scope

- Service mast distribution boards and supply kiosks: Clean, label, check terminations and earthing. Service each luminaire, open control gear enclosures and treat for moisture ingress and corrosion. Wash luminaires with detergent and clean lenses. Check and replace neoprene seals.
- Re-lamp luminaires. Replace luminaires: Remove existing damaged luminaires, supply and install similar and approved luminaires complete with lamps and control gear, if applicable.

Note: This might require a cherry-picker or bucket truck

- Check consistency of aiming angles and tighten mounting bracket bolts and replace pole mounted floodlights
- Check pole covers; measure earthing continuity and tighten foundation bolts. Replace all padlocks on distribution boards and kiosks.

TESTING

Scope

It is the responsibility of the Contractor to provide all accessories and properly calibrated and certified measuring instruments necessary to record the following parameters (but not limited to):

- continuity of ring final circuit conductors
- continuity of protective conductors, including main and supplementary equipotential bonding earth electrode resistance
- insulation resistance polarity
- earth fault loop impedance
- operation of residual current devices phase voltage
- current per phase illumination levels in lux

The Contractor is responsible for the arrangement of such tests. He shall give at least 72 hours' notice to the Project Leader prior to the test date. The contractor must issue a **Certificate of Compliance** from an approved Authority for every building's new or part installation.

UNPRICED BOQ: TWO YEAR TERM CONTRACT FOR SUPPLY, SERVICING, REPAIRS AND MAINTENANCE OF ELECTRICAL EQUIPMENT FOR ALFRED NZO DISTRICT
ALF5-26/27-0002

Item No	Department of Public Works & Infrastructure				
	Description	UNIT	QTY	RATE	AMOUNT
	PRICING				
	CONTRACT DOCUMENTS				
	These schedule of rates, together with any documents annexed heret, will constitute the agreement.				
	TRADE PREAMBLES				
	Tenders are advised to study the specification of materials and methods to be used (PW371), General trade preambles for building services DW10 and general Specification for repair and renovations services W41 and all other relevant specifications, standards and documents.				
	The contractor is to comply with the requirements set out in the construction regulations, 2003 issued under the Occupational Health & Safety Act, 1993 (Act No. 85 of 1993)and any amendments thereto.				
	ALL ASPECTS OF THE HEALTH AND SAFETY ACT NEED TO BE ADHERED TO				

ELECTRICAL REPAIRS					
Item No		UNIT	QTY	RATE	AMOUNT
	Items that are in repairs to existing and prices are to include for taking out damaged items, safely disposing thereof, preparing and installing new items.				
	All repairs/ servicing are to conform to the relevant SANS.				
	Building codes and any amendments thereto				
HEALTH AND SAFETY					
	The Contractor is to comply with the requirements set out in the Construction Regulations, 2003 issued under the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993) and any amendments thereto.				
1	A Health & Safety Plan needs to be submitted to the Department for approval prior to site handover and commencing any work	Item	1	R10 000.00	R
				Carried forward	R

Item No	Description	UNIT	QTY	RATE /HOUR	AMOUNT
	Labour Cost				
	Please note that the labour cost quoted must include profit or mark up. Hours are only estimated and merely serve to establish the tender price.				
2.	Supervisor / Foreman's rate	hr	600	R	R
3.	Supervisor/ Foreman's rate (After hours including after 5pm to 8am, weekends and public holidays)	hr	150	R	R
4.	Artisan labour rate	hr	600	R	R
5.	Artisan labour (After hours including after 5pm to 8am, weekends and public holidays)	hr	150	R	R
				Carried forward	R
	Material Cost				
	Note				
	Original invoices for material used must be submitted with the application for payment i.e cost of material must be accompanied by proof of purchase				
	The percentage mark-up quoted below is to apply all material costs irrespective of value. No extra claims for waste will be entertained				
7.	Budgetary allowance for materials (Five Hundred And Fifty Thousand Rands only)	Item	1	R550,000.00	R
	Profit/ Mark-up on Materials				
	Percentage mark-up on budgetary allowance of R550,000.00				
8.	Handling Fee 8%	Item			R
9.	Profit 10%	Item			R
				Carried forward	R

Item No	Description	UNIT	QTY	RATE/KILOMETER	AMOUNT
	Transport Cost				
	<u>Note:</u>				
	The contractor will only be reimbursed for a maximum of two trips per incident				
	The Department will only compensate for kilometers claimed within the boundaries of Alfred Nzo Region				
10.	Transport and Travelling cost	KM	9 000	R	R
	<u>Note to contractors:</u>				
	The Department will only compensate for kilometers claimed within the boundaries of Alfred Nzo Region				
	All distances in kilometers will be measure situated at:				
				
	Fill in the address to the site in question				
	The rates applied for travelling costs will be based on the latest publication of the DOT fuel tariffs for reimbursable expenses. The Department will compensate for travelling by a vehicle with engine capacity of up to 2.5L				
	The percentage mark-up quoted below is to apply all material costs irrespective of value. No extra claims for waste will be entertained				
				Carried forward	R

	FINAL SUMMARY				
	SUB-TOTAL: ITEM 1- 10				R
	SUB-TOTAL				R
	ADD 15% VAT (if applicable)				R
	TOTAL CARRIED TO THE FORM OF OFFER				R

1 SCOPE

The scope of the work will entail the following aspects.

Provides the overarching framework within which the Principal Contractor is required to demonstrate compliance with certain requirements for occupational health and safety established by the Occupational Health and Safety Act 85 of 1993 during construction work.

- Establishes the way the Principal Contractor is to manage the risk of health and safety incidents during construction; and
- Establishes the way the Client will interact with The Principal Contractor.

This specification establishes general requirements to enable the Principal Contractor to satisfy aspects of the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993) and the Construction Regulations, 2014. The Principal Contractor is required to develop, implement and maintain a site-specific health and safety plan. The Client

is required to provide certain site-specific information to the Principal Contractor or a health and safety specification for the works to enable such a plan to be formulated. Accordingly, this specification on its own cannot ensure compliance with the requirements of the Act.

The Construction Regulations, 2014, requires a client to stop any contractor from executing construction work which is not in accordance with the contractor's health and safety plan for the site or which poses to be a threat to the health and safety of persons.

2 DEFINITIONS

As per the Occupational Health and Safety Act (85 of 1993) and the relevant regulations and applicable standards.

2.1 List of Abbreviations

CC	Compensation Commissioner
CHSA	Construction Health and Safety Agent
CHSO	Construction Health and Safety Officer
CR	Construction Regulations (Gazette 10113 of 07/02/2014)
DoL	Department of Labour
GAR	General Administration Regulations
GSR	General Safety Regulations
HCSR	Hazardous Chemical Substances Regulations
HIRA	Hazard Identification Risk Assessment
H&S	Health and Safety
OHSA	Occupational Health and Safety Act No. 85 of 1993 (as amended)
OHSS	Occupational Health and Safety Specification
PA	Principal Agent
PSHSS	Project Specific Health and Safety Specification
PC	Principal Contractor
PPE	Personal Protective Equipment
SANS	South African National Standards (Authority)
SDS	Safety Data Sheet
SWP	Safe Work Procedure

2.2 Key References

Occupational Health and Safety Act No. 85 of 1993 and Regulations (as amended) Construction Regulations 2014.

Compensation for Injury and Occupational Diseases Act No. 100 of 1993 (as amended).

SANS codes.

South African Road Traffic Signs Manual (SARTSM)

3 INTERPRETATION

The Act and its associated regulations shall have precedence in the interpretation of any ambiguity or inconsistency between it and this specification.

3.1 Purpose of the Project Specific Health and Safety Specification (PSHSS)

The PSHSS is a performance specification to ensure that the Client and any bodies that enter into formal agreements with the Client / Agents, Professional Service Consultants (Engineers, Quantity Surveyors and Architects), Principal Contractors and Contractors achieve an acceptable level of OHS performance.

No advice, approval of any document required by the PSHSS, such as hazard identification and risk assessments, or any other form of communication from the Client shall be construed as acceptance by the Client of any obligation that absolves the Principal Contractor from achieving the required level of performance and compliance with legal requirements. Furthermore, there is no acceptance of liability by the Client, which may result from the Principal

Contractor failing to comply with the PSHSS, i.e. the Principal Contractor remains responsible for achieving the required performance levels.

A Mandatory Agreement in terms of Section 37.2 of the OHSA will be signed between parties prior to any works commencing. The PSHSS highlights the aspects to be implemented over and above the minimum requirements of current legislation. Requirements may be changed should new risks or issues are identified that could not have been foreseen during the design phase of the project, or during the construction phase. Any new legislation or standards (legislated or determined by the Client) that are promulgated or accepted during the contract will automatically be applied.

It should be noted that this OHSS in no way relieves the Principal Contractor of any of his responsibilities set out in the Act and Regulations

3.2 Requirements

A project specific H&S Plan in response to this PSHSS will be subject to approval by the Client. This must include all supporting documentation as required to verify the H&S system:

4 GENERAL REQUIREMENTS

4.1 Risks

Principal Contractor to provide a detailed risk assessment for the entire work on site.

4.2 Letter of good standing

The principal contractor must have a valid letter of good standing produced by COIDA or FEMA before starting any construction work on site.

4.3 Specified Hazardous Chemical Substances

The PC is to supply the products required, Safety data sheets (SDSs) for each of the products envisaged to be utilized on site.

5 OCCUPATIONAL HEALTH & SAFETY MANAGEMENT

5.1 Notification of Construction work

The Principal contractor shall notify the Provincial Director Department of Labour in the form annexure 2, 7 days before commencing construction work as per Construction regulation 4.

5.2 Appointment of Competent Site Personnel

The CEO (OHSA S16.1) of the PC will take overall responsibility for the appointment of competent site staff for the duration of the project. Should the CEO not be personally involved in the project, the H&S responsibilities are to be delegated to the Site Agent (OHSA 16.2). This individual must have Knowledge and training in H&S. The candidate must produce certificates showing that he has the necessary training in health and safety aspects. All other legal appointments are to be made with relevance to the type of work required.

5.3 Construction Manager / Supervisors

Competent Construction Managers (CR 8.1) must be appointed to manage all the works and have training and/or experience in managing projects. The Construction Manager shall be on site and cannot manage any other construction site.

5.4 Construction health and safety officer

After consultation between the Client and the Principal Contractor a full time or Part time SACPCMP registered safety officer must be appointed.

5.5 Health and Safety Representative

PC must appoint a full-time health and safety representative when he / she has 20 employees and thereafter the Principal Contractor will be required to appoint SHE representatives for every 50 employees. The health and safety representatives must attend an accredited SHE representatives' course. The course must be provided by an accredited Entity.

The H&S representative will liaise and report to the full-time Construction Health and Safety Officer. The health and safety representative must attend health and safety audit meetings so that he / she can be equipped with what is happening on site.

5.6 Other Appointments

Not limited to but other legal appointments must be done as per the OHS Act 85 of 1993 and related regulations.

6 GENERAL RISK MANAGEMENT

6.1 Health Risks and Medical Surveillance

All workers (including those of Contractors and the so-called casual workers) are required to be in possession of a medical certificate of fitness issued by a registered **Occupational Medical Practitioner** prior to commencing work. Induction training will be conducted upon the completion of medical examinations.

All workers are required to be in possession of a medical certificate of fitness prior to commencing work.

Annual medical surveillance is required (unless identified as being required more frequently), as well as exit medical. The last payment certificate of the Principal Contractor should not be released without the exit medical certificates of all employees. There are instances where employees cannot be traced, PC must provide evidence of trying to trace the employee.

Arrangements for keeping medical records for the required time are to be noted.

It is preferable that the PC has a medical surveillance plan.

6.2 Emergency Procedures

An emergency plan and procedure that is appropriate to the risks is required prior to commencement on site. It is advised that the system should be simple and easy for any worker to follow.

The emergency plan is to ensure the inclusion of local service providers where possible. Such arrangements should be made with these people prior to the commencement of the project.

Local emergency telephone numbers must be displayed and made part of the emergency procedure.

The general principles of emergency management are to be applied as it applies to the hierarchy of control and management. The PC must consult with the Client in preparation of the emergency as buildings will be operational.

6.3 First Aiders and First Aid Equipment

Level 2 trained first aiders shall be appointed on site. The number of first aiders appointed will depend on the ratio. First aiders shall always be available on site, and be able to work as a team when responding to any emergency in the project.

Appropriately stocked first aid kits, at least to the requirements of the Annexure to the GSR 3, are to be always available to assure continual availability and access on site.

6.4 Fires and Emergency Management

Attention to emergency planning and procedures is very important. Requirement in terms of identified risks:

- Fire;
- Public Safety;
- Falls from heights,

The emergency plan is to ensure the inclusion of local service providers where possible. Such arrangements should be made with these people prior to the commencement of the project; the emergency plan is to include the risks of fire on site and related to any specific activities.

Fire extinguishers shall be appropriate for the risk and in sufficient numbers to deal with the type of fires that could occur. There shall be an appointed and trained fire fighter at all times on site as per Construction Regulations 29(h).

6.3.1 Incident Management and Compensation Claims

All incidents and accidents are to be investigated. All serious incidents involving any form of disabling injury or fatality are to be reported as per Section 24. This shall be confirmed in writing following the incident to the Client. Near misses must also be recorded because they are a very critical indicator of what could happen on site. Near misses must be analyzed in order to prevent them from becoming catastrophic events. There are always lessons to be learnt from the near misses.

6.3.3 Personal Protective Equipment to provide PPE to all employees free of charge The wearing of the identified SANS approved PPE at all times is non-negotiable.

- Hard hats;
- Protective footwear;
- Overalls that ensure worker visibility.
- Eye protection (if required)
- Hearing protection; (when exposed to noise)
- Reflective jackets/vests (no bibs);
- Respiratory protection (minimum of FFP2);
- Safety Harnesses with Lanyards when working above 2m at height
- Any other necessary PPE identified from SDS's and/or risk assessments.

6.5 Occupational Health and Safety Signage

On-site H&S signage is required. Signage shall be posted up at fixed or temporary working areas, or other potential risk areas/operations. These signs shall be in accordance with the requirements of the General Safety Regulations or SANS requirements as amended. Signage is to be noted on the site drawings indicating where fixed/temporary signage is required.

- 'Hard hat area' or other PPE requirements
- Fire extinguishers
- First aid box
- Assembly Area

- Smoking areas
- No Un-authorized entry.
- Asbestos
- Hazardous chemicals substances
- Safe for use / Unsafe for use (Scaffolding)
- Storage
- Live Overhead cables
- Safety construction sign. At the gate

Signs shall be posted at areas of work on site indicating that a construction site is being entered and that persons should take note of H&S requirements.

6.6 Induction of Employees and Visitors, General H&S Training

A simple, formal induction program is to be prepared which is site specific. Inductions must be carried out for all workers and visitors (including Client) to the site.

DSTI training is required to ensure workers are familiar with the risks and H&S measures of the work or tasks to be done.

Induction training must be provided before the workers may be allowed to commence their construction activities. Induction training must make employees aware of hazards and risks associated with their activities. Mitigation measures must be provided so that employees may not be exposed to pure risk. Supervisor must not allow any person to gain access to the site if they are not wearing the necessary PPE.

7 COMMUNICATION ON SITE

All H&S communication during the project between the Client and the PC will be done in writing, including the issue and responses to non-conformances and H&S audit results. The nonconformance identified during the audit must be dealt with within 5 working days. Principal Contractor must submit a closeout report after the issues has been managed and closed out. Repetitive deviations will attract a penalties.

8 CARE OF WORKERS ON SITE (WELFARE)

Adequate toilets(male & Female with signage), clean, safe drinking water and decent shelter must be always provided for all workers.

Hand washing facilities must be provided.

Waste procedures to be clearly documented.

Principal Contractor must provide proof of service slip for the ablution facilities.

If adequate toilets and water are not provided by the Principal Contractor, the site will be closed. The Principal Contractor shall provide proper accommodation for his / her employees and the Principal Contractor will be charged should employees be found camping on site. Employees will not be allowed to camp on site. Principal Contractor must not share ablution facilities with the Department. Demarcation shall be installed to separate Public Works personnel from construction activities. Tags (access control cards) shall be created for the identification of employees working on the project and the gate shall have a security to safeguard the site.

9 DISCIPLINE, ALCOHOL AND SUBSTANCE ABUSE

All employees (management included) are to follow instructions given in the interest of H&S. Disciplinary action is to be imposed on those who do not follow such instructions or company rules or policies.

No person shall work or access a site if under the influence of alcohol or other substances that could impact on their own or others safety.

10 WORKING AT HEIGHTS

A practical site-specific fall protection plan as per CR 10 needs to be compiled by a competent person as per unit standard 229994.

Scaffold erector and inspector to be appointed with competencies. All employees are to be declared medically fit by an occupational medical practitioner to work on heights. Scaffolding erectors must have an experience of 2 years post receipt of certificate of competence from an accredited service provider. Scaffolding inspector must have a minimum of 3 years working experience post receipt of competence certificate. Scaffoldings must be tagged safe for use / or unsafe for use. No employees should work on scaffolding that is tagged as unsafe to work on or scaffolding that is not tagged at all. Consequence management must be applied / instituted for employees who are found to be working on scaffolding that is not tagged at all.

Ladders must be safe to use, no defective ladders are permitted on-site. All defective ladders shall be tagged unsafe to use if faulty.

With roof work the effects of wind forces to be considered and if the wind is travelling at 35 km/h, no work should be undertaken outside the buildings. The employees should be allowed to do work inside the buildings. Principal Contractor to have a wind gauge to measure the wind speed. Daily risk assessment must be conducted by the Principal Contractor to determine which activities should be executed.

All work above 2m from ground level shall be deemed working at height. All personnel working at height shall have working at height training and certificates, shall have working at height medicals and to be in a full body harness with a lanyard attached at anchor points.

11. DEMOLITION WORK

The Contractor must provide a Demolition Method statement for approval by the Client. Dust control and noise reduction measures must be put in place before demolition starts.

All rubble and waste material must be removed from the site asap and registers thereof kept. Proof of disposal of the demolished material must also be provided and kept on record.

12. SLOPE (SITE CONDITIONS)

The Principal Contractor must consider the gradient of the site. The storage and handling of pipes must be treated with caution to avoid the rolling of pipes damaging the property and causing injury to persons. Pipes must be wedged to prevent the pipes from rolling.

13. EXCAVATIONS

The Principal Contractor is to provide a method statement for excavations, and this will be approved by the Client. The Principal Contractor must ensure that all excavations are safe to enter prior to any work commencing.

Area being worked at needs to be properly barricaded or fenced off. Barricading must be done in such a manner that it prevents people and animals from falling into open excavations.

All deep excavations deeper than 5m must be sloped or shored to make the work environment for employees safe to work in.

If the material is collapsable, all excavations deeper than 2m must be shored, and shoring must be signed off by the Construction Manager before any work can take place in such excavation. Excavation must be properly managed. PC must indicate how long the excavation will exist before backfilling on their Method Statement for excavations.

All excavations on the site where employees are performing work must have a ladder for safe access in and out of excavation. The ladder must be long enough to protrude 900mm above the edge of the excavation. Excavations should preferably not be opened beyond what can be done daily.

DANGER TAPE OR CANDY TAPE IS NOT PERMITTED TO BE USED ON SITE AS A MEANS OF DEMARCATION!

Suitable material such a hard-plastic mesh (long durability) adequately supported being able to withstand a normal person's weight and the elements (wind, rain) must be utilized as barricading. The PC must ensure that this is priced for in the BOQ. Orange Safety Net is to be used for barricading. The use of danger tape is prohibited. **All open excavations will be kept clean (dewatered) of standing water.**

14. HOARDING

Adequate hoarding with green clothed net is to be done to reduce dust generation and prevent public entrance to site. Security features must accompany the hoarding to maintain a secure environment for the existing occupants. Hoarding must be constructed to serve the purpose it is designed for. A 1.8m in height must be installed to prevent construction workers from mixing with hospital personnel.

15. DECANTING / PROVISION OF TEMPORARY STRUCTURES

Temporary Structures (if possible) will be erected to accommodate staff while the principal contractor is doing work in certain areas of the Clinic. Cooperation will be required from the Public Works personnel; we will require them to relocate to the temporary structures. No work will be conducted where the Public Works staff refuses to vacate her/his office for the Principal Contractor to discharge his / her duties without putting the health and safety of persons at risk.

16. CONTRACTORS

The PC is to ensure that every contractor will comply with the health and safety specifications.

All contractor's health and safety files must be approved by the Principal contractor prior to any work commencing on site.

PC shall not allow any contractor to commence work without the letter of good standing from the COIDA / FEMA. Contractors will be audited by the Principal Contractor monthly. The Construction Health and Safety Auditors will sample the files of contractors to check if they are in good order.

17. WASTE DISPOSAL

- Under no circumstances may the disposal of waste building materials, rubble or rubbish of any sort be disposed of in the surrounding areas of the Municipality.
- All waste must be disposed of to an approved waste disposal site.
- Documentary proof of the use of an approved waste disposal site, in the form of weigh bills or invoices must be produced during the auditing process.
- Bins and / or skips shall be provided at convenient intervals for disposal of waste within the individual construction camps.
- Waste to be separated according to the following
 - General waste
 - Hazardous waste

18. STORAGE OF MATERIALS

- Material stockpiles of stacks, such as pipes, must be stable and well secured to avoid rolling / collapse leading to injuries.
- Flammable substances material will be stored separately
- No material is to be stored in an unstable or high-risk areas, such as steep slopes / edge of excavations.
- Choice and location of storage areas must be considered considering the prevailing wind conditions.

19 MANAGEMENT OF HAZARDOUS SUBSTANCES AND MATERIALS

Hazardous substances are defined as materials that are potentially poisonous, flammable, carcinogenic or toxic. Some examples of hazardous substances are:

- diesel, petroleum, oil.
- cement
- solvent based paints
- lubricants
- explosives
- drilling fluids
- hydraulic fluids
- pesticides
- LPG (gas)

Safety Data Sheets (SDS's) shall be readily available on site for all chemicals and hazardous substances to be used on site. Where possible and available, SDS's should additionally include information on ecological impacts and measures to minimize negative environmental impacts during accidental releases or escapes.

20 ASBESTOS

Roof Sheets are identified to be asbestos containing material. Principal Contractor should therefore stick to Asbestos Abatement Regulation when dealing with asbestos. A registered Asbestos Contractor must be appointed to attend to asbestos containing material as stipulated in Asbestos Abatement Regulation 13 – 23. A specialist report on the presence of asbestos is to be used when developing the plans to manage the exposure of danger to employees and members of the public.

21 DELIVERY OF MATERIALS

The PC must reasonably manage all deliveries of material to site. Stacking and storage of materials to be properly coordinated.

The PC is to consider the neighbors and public in all its activities related to this construction work. Principal Contractor to use a different entrance for all construction activities including deliveries.

22 NON-CONFORMANCES

Should at any time, the work, or part of the works, be stopped due to unsafe acts or noncompliance with the Clients OHS Spec or PCs H&S Plan; PC shall have no claim for extension of time or any other compensation. Principal Contractor will be penalized for repetitive deviations.

Should, at any time, the works, or part of the works, be stopped due to unsafe acts or noncompliance with the Clients or PCs OHS Plan; neither the PC nor any other Contractor shall have a claim for extension of time or any other compensation.

In cases of any repetitive non-conformances, the non-conforming party shall be penalized as per the table below:

The following constitute examples of the types of non-conformances that will attract penalties:

Minor: Fine: R50/count	Medium: Fine: R500/count and a non- conformance	Severe Fine: R5000/count, a nonconformance and/or activity stoppage
Non-use of basic PPE supplied (e.g., Overalls, Safety Shoes, Hardhats) per person	Toilets not supplied or regularly serviced; lack of drinking water	Principal Contractors working without OHS Plan approval
Non completion of registers for plant and equipment on site	Principal Contractors not audited	Workers transported in contravention of the OHS Plan or legal requirements
Lack of OHS signage at work areas	Working without training or the appropriate OHS Method Statements / SWP / HIRA	Invalid/expired Letters of Good Standing with licensed Compensation Insurer
Tools and equipment identified in poor condition during inspections	Non-conformances identified during the previous audit and not addressed within the agreed time frame	Allow people to work at heights without proper training and PPE
	No internal monthly Audit Report on file.	Fall Arrest Harness not tied off / worn when a risk of falling exists
	No Medical Certificates of Fitness for relevant workers	Threat to the OHS of persons
	Unsafe work at heights	3rd Offence on Unsafe Work at Heights

	Poor Housekeeping	Failure to submit consolidated H&S report and relevant document.
--	-------------------	--

All penalties shall be communicated to the Principal Contractor and the relevant Professional Team Members monthly. The Principal Contractor will be expected to confirm receipt of such penalties. The total deductible amount as per penalties issued shall be tabled in the Monthly Progress Meeting for noting purposes. All monthly penalties shall be deducted from the Certified Certificates submitted by the Principal Contractor.

23. HEALTH AND SAFETY FILE

The documentation submitted and approved following the awarding of the contract will be used to form the H&S file. The H&S file is required to be laid out in a logical manner, and documentation filed within the file is to be easily accessible.

The following completed information shall be included (but not be limited to) as part of the index:

- The Site-Specific Health and Safety Specification. (From Client)
- The H&S Plan and Policy.
- Appointment by Client.
- Mandatory agreement with Client.
- Notification of Construction work permit and confirmation letter from DOL.
- Letter of good standing
- Record of Competencies (CVs) and appointments.
- Training Records.
- Method statements.
- Risk assessments.
- Safe work procedures.
- Emergency procedures and emergency numbers.
- Safety data sheets
- Medical surveillance records.
- Registers; and
- Employee records (who is on site)
- PPE issue
- Legislation

II. TEMPORARY WORKS DESIGNER

The Temporary works designer must be appointed in writing by the Principal Contractor. The Temporary Works Designer will ensure that the requirements of CR 12 are fully implemented. The temporary works designer must be a competent person who is registered as a Structural Engineer (ECSA Registration).

Project: _____

Activity	Hazard	Risk	C o n s e q u e n c e	L i q u e n d	Risk Level	Control Measures	Residu al risk
Site Preparation and Excavation	Cave-ins, underground utilities, falling objects	Fatal injury, electric shock	4	5	High	Shoring, sloping, utility scans, PPE, signage, supervision	M
Concrete Works	Cement burns, falling from heights, formwork collapse	Skin irritation, broken bones, death	4	5	High	PPE (gloves, goggles), safe scaffolding, inspection of formwork, training	M

Structural Work (Steel, Masonry, Carpentry)	Falling materials, sharp tools, falls from height	Lacerations, fractures, death	5	4	High	Tool safety protocols, guardrails, safety harnesses, hard hats	M
Working at Heights (roofing, painting)	Falls, falling objects, ladder collapse	Head injury, death	5	5	Critical	Fall protection, lifelines, edge protection, proper ladders/scaffolds, Full body harness with double lanyard. All work above 2m	H
Electrical Installations	Live wires, faulty tools, electrocution	Burns, cardiac arrest, fire	5	4	High	Lockout/tagout, certified electricians, insulated tools, testing before work	M
Plumbing and HVAC Work	Confined spaces, chemical exposure, water leaks	Asphyxiation, slips, dermatitis	5	3	Medium	Ventilation, gas detectors, confined space permit, PPE	L
Demolition	Dust, noise, structural instability, asbestos	Respiratory issues, hearing loss, collapse injuries	2	5	Medium	Engineering survey, dust suppression, hearing protection, asbestos management plan	L
Painting and Finishing	Solvent fumes, flammable materials, ladder falls	Fire, inhalation risks, injuries	2	5	Medium	Ventilation, non-flammable paints, safe ladder use, PPE (respirators)	L
Routine Maintenance (e.g., lighting, plumbing, HVAC)	Electrical shocks, slips, falls, exposure to mold	Injury, illness, minor to major accidents	2	5	Medium	Permit to work, lockout/tagout, regular inspections, PPE, housekeeping	L
Housekeeping and Waste Disposal	Trips, cuts, chemical exposure	Minor injuries, contamination	2	3	Low to Medium	Regular cleaning, proper waste segregation, labeled bins, training	L
Working with asbestos	Exposure to asbestos material	Lung infections, long time illness	4	5	High	Registered asbestos contractor, asbestos risk assessment and methodology.	M
Material Handling and Storage	Manual handling injuries, falling loads, fire hazard	Musculoskeletal injuries, crushing, fire	2	5	Medium	Mechanical aids, proper stacking, fire extinguishers, manual handling training	L
Use of Power Tools and Machinery	Cuts, noise, vibration	Hearing loss, amputations	4	3	Medium	Guards on tools, PPE (gloves, earplugs), operator training, maintenance logs	L
Scaffolding Erection and Dismantling	Collapse, falling from scaffolds,	Fractures, head injury, death	5	5	Critical	Qualified erectors, regular inspections, fall protection, proper base and anchorage	H

	falling objects						
Hot Works (Welding, Cutting, Grinding)	Fire, explosion, burns, eye injury	Severe burns, eye damage, fire spread	4	5	High	Hot work permits, fire watch, flame-resistant clothing, eye protection	M
Lifting Operations (Cranes, Hoists)	Load drop, equipment failure, overhead hazards	Crushing, fatal injuries	5	5	Critical	Trained operators, rigging inspection, exclusion zones, communication protocols	H
Noise and Vibration Exposure	Loud machinery, handheld tools	Hearing loss, hand-arm vibration syndrome	3	4	Medium	Hearing protection, job rotation, regular health monitoring	L
Chemical Handling (Paints, Adhesives, Solvents)	Toxic exposure, skin burns, inhalation	Respiratory problems, skin damage	2	5	Medium	SDS availability, proper ventilation, gloves, spill kits	L
Temporary Works	Collapse, instability, improper installation	Fatal injury, structural failure	5	4	High	Engineering sign-off, inspections, trained installers	M
Fire and Explosion Risk	Flammable materials, electrical faults	Burns, death, structural damage	5	4	High	Fire extinguishers, no-smoking zones, regular fire drills	M
Work Near Roads or Traffic	Vehicle collisions, poor visibility	Severe injury or death	5	4	High	Traffic management plan, high-visibility clothing, barriers	M
Manual Demolition	Flying debris, unplanned collapse	Lacerations, head injury, fatality	5	5	Critical	Controlled demolition plans, PPE, exclusion zones	H
Roof Work	Falls through fragile surfaces, weather exposure	Fatal falls, heat stress	4	4	High	Crawl boards, weather monitoring, edge protection, fall arrest systems	M
Excavations	Underlying services, deep excavations	Damage to underlying services, collapsing of open excavation	3	4	Medium	Scanning and drawing to detect underlying services, shoring for deep excavations, competent excavation supervisor	L
Working in Confined Spaces	Oxygen deficiency, toxic gases, entrapment	Asphyxiation, poisoning, death	5	5	Critical	Gas detection, confined space permit, standby personnel, rescue plan	H

Temporary Electrical Setups	Overloading, water ingress, poor insulation	Electrocution, fire	2	5	Medium	RCDs, waterproofing, regular inspection, certified electricians	L
Night Work / Shift Work	Fatigue, reduced visibility, decreased alertness	Increased accident rate, errors, injuries	1	5	Low	Adequate lighting, shift rotations, regular breaks, supervision	L
Working in Extreme Weather Conditions	Heat stress, hypothermia, lightning	Dehydration, illness, fatal injuries	4	4	High	Weather monitoring, hydration, rest shelters, appropriate clothing	M
Public Interaction (Renovations in Occupied Buildings)	Unauthorized access, complaints, trip hazards	Injury to public, project delays	2	5	Medium	Barriers, public notices, noise and dust control	L
Use of Temporary Access Platforms	Overtipping, improper use, mechanical failure	Falls, crushing injuries	4	5	High	Operator training, equipment inspection, stabilizers, proper use protocols	M
Use of Hazardous Substances	Chemical burns, fumes, skin absorption	Health complications, dermatitis	2	5	Medium	PPE, correct labeling, training on safe use	L
Working Around Openings	Falls into openings, dropped objects	Fractures, head injury	4	5	High	Guardrails, covers, signage, secured tools	M
Emergency Situations (Fires, Gas Leaks, Structural Collapse)	Panic, exposure to hazard	Injury or fatality, property damage	5	5	Critical	Emergency response plan, drills, fire wardens, evacuation maps	H
Fatigue from Repetitive Tasks	Loss of focus, strain injuries	Errors, musculoskeletal disorders	2	4	Low	Task variation, rest breaks, ergonomic tools	L
Working with Pressurized Systems	Burst pipes, flying parts, noise	Cuts, hearing damage, impact injuries	4	3	Medium	Pressure release procedures, shielding, maintenance checks	L
Improper Use of PPE	Lack of protection from known hazards	Increased injury severity	3	4	High	Training, supervision, regular PPE audits	M
Unstable or Incomplete Structures	Collapse, unintentional load bearing	Crushing injuries, fatalities	5	4	High	Engineering reviews, bracing, access restriction	L

Tool and Equipment Failure	Broken handles, malfunctioning devices	Cuts, shocks, impact injuries	2	3	Low	Routine checks, timely replacements, operator reporting	L
----------------------------	--	-------------------------------	---	---	-----	---	---

A.

How do you assess risk levels?

Risk levels are categorized in a numbered format. Each hazard is given a rating, and this is multiplied by the probability that these hazards will occur, as shown in the following equation.

Risk level = Consequence x Likelihood

Step One

Give each hazard a severity marking as indicated in the table below:

Risk Level	Effect of hazard
5	Fatal impact
4	Permanent disabling impact
3	Disabling impact
2	Impact causing time off work
1	Basic first aid only

For example:

If slipping on the stairs (hazard) could result in death or disablement, then it must be given a rating of 4 or 5.

Step Two

The next step is to consider how often each hazard is likely to occur as indicated in the table below.

Risk Level	Likelihood of occurrence
5	Certain

4	Near certain
3	Very likely
2	Frequent
1	Seldom

Step Three

Multiply the two scores together and you will get the risk level. This figure should be entered into the risk assessment form.

For example:

5 (hazard) multiplied by 3 (occurrence) = 15

Step Four

Employers must ensure that risks are reduced to the lowest extent **reasonably practicable**.

The legal definition of 'reasonably practicable' is 'any measure which can be reasonably carried out having regard to technical knowledge and acceptable expense'.

The following are **ratings** to help you gauge how quickly you need to put the controls in place.

The level of risk rating will help determine how **urgently** the risk needs to be attended to. The following is a guide:

Risk Rating	Priority and timeframe for controls to be assigned to the hazard
21-25	Critical (to be corrected immediately)
16-20	High (To be corrected within 24hours)
11-15	Medium (To be corrected within a week)
0-10	Low (To be corrected within a month)
