TERMS OF REFERENCE:

FOR THE PROVISION OF GENERAL MAINTENANCE SERVICES

INTRODUCTION:

Ugu District Municipality seeks to appoint suitably qualified, experienced and reputable external service provider(s) to undertake handyman and general maintenance work at municipal buildings and facilities, on an as-and-when-required basis. The appointment must support lawful, transparent and value-for-money procurement, while ensuring that all work is carried out safely, professionally and to acceptable workmanship and quality standards.

OBJECTIVE:

The objective of these Terms of Reference is to source competent external service provider(s) where internal municipal capacity or resources are not available, while ensuring compliance with applicable legislation, regulations, municipal supply chain management requirements, construction industry prescripts, occupational health and safety requirements, recognised industry procedures and relevant product or material standards. The Terms of Reference further seek to secure work guarantees after services have been rendered, without compromising workmanship, durability, safety or service quality.

LEGISLATIVE AND REGULATORY FRAMEWORK

The procurement and execution of the required services must be aligned, where applicable, with the Municipal Finance Management Act, 2003, the Municipal Supply Chain Management Regulations, the municipality's Supply Chain Management Policy, the Construction Industry Development Board requirements and prescripts, the Occupational Health and Safety Act, 1993 and applicable regulations, South African National Standards or SABS-approved materials and products, and any other relevant municipal by-laws, policies, instructions or industry procedures applicable to the nature of the work.

DURATION OF CONTRACT:

The contract period will be for a short-term assignment of approximately two weeks to one month, or as otherwise specified in the appointment letter, purchase order, scope of work or instruction issued by the municipality. Work must be completed within the approved timeframe, subject to written approval for any extension where justified by the nature of the work or circumstances beyond the service provider's control.

MINIMUM SERVICE PROVIDER REQUIREMENTS

- Hold a valid and appropriate CIDB grading, where the nature and value of the work falls within construction or building-related work, with a minimum 1GB grading or higher where required by the scope and estimated value.
- Demonstrate relevant experience in handyman, building maintenance, minor repairs, plumbing, carpentry, painting, ceiling, roofing, tiling, glazing, door and lock repairs, or related general maintenance work.
- Have access to suitably skilled personnel, tools, equipment, transport and supervision required to complete the work safely and within agreed timeframes.
- Submit a written quotation, work method, implementation plan and estimated completion period, where required by the municipality.

SERVICE PROVIDER COMPLIANCE, SAFETY AND QUALITY OBLIGATIONS

- Comply with the Occupational Health and Safety Act and applicable regulations, including the provision and use of appropriate personal protective equipment by all personnel on site.
- Prepare and maintain the required safety documentation, risk assessments, method statements, appointments, toolbox talks and incident reporting records, where applicable to the work.

- Use only good-quality, durable and fit-for-purpose materials, products and fittings that comply with SANS, SABS or recognised industry standards, where applicable.
- Carry out all work in accordance with accepted trade practice, manufacturer specifications, municipal instructions and the approved scope of work.
- Protect municipal property, staff, visitors and the public from avoidable damage, disruption or safety risks during the execution of the work.
- Remove rubble, waste, packaging and unused materials from site and leave the work area clean, safe and fit for use after completion.
- Provide a written workmanship guarantee and, where applicable, manufacturer warranties for materials, fittings or components supplied and installed.

RESPONSIBILITIES OF THE AUXILIARY SERVICES UNIT

- Identify, assess and prioritise maintenance requirements before requesting external services.
- Prepare a clear scope of work, including the location, nature of defects, expected deliverables, quality expectations and completion timeframe.
- Confirm whether the work can be performed internally before recommending outsourcing.
- Facilitate site handover, access arrangements and coordination with affected municipal departments or building occupants.
- Monitor progress, verify compliance with the approved scope and inspect workmanship before recommending payment.
- Record defects, non-conformances or poor workmanship and require the service provider to remedy such issues before final acceptance.
- Maintain records of quotations, instructions, inspections, completion certificates, guarantees, warranties and service provider performance for audit and future reference.

QUALITY ASSURANCE, INSPECTIONS AND ACCEPTANCE OF WORK

- A compulsory site briefing will be held where the nature of the work requires clarification of the scope, risks, access arrangements or quality expectations.
- The Auxiliary Services Unit will conduct progress inspections, including first phase, second phase and final inspections, on all work.
- No work will be regarded as complete until the municipality has inspected the work, confirmed that it meets the approved scope and accepted the completed work in writing.
- The service provider must rectify any defects, poor workmanship, incomplete work or non-compliance identified during inspection at its own cost, within a reasonable period determined by the municipality.
- Payment may only be recommended after satisfactory completion, submission of required supporting documents and confirmation that applicable guarantees or warranties have been provided.

WORKMANSHIP GUARANTEE AND DEFECTS LIABILITY

The successful service provider must provide a written workmanship guarantee for the work performed. The guarantee period must be appropriate to the nature of the work and must be clearly stated in the quotation, appointment letter or completion documentation. During the guarantee period, the service provider must attend to defects arising from poor workmanship, incorrect installation or non-compliance with the approved scope at no additional cost to the municipality, unless the defect is caused by misuse, vandalism, normal wear and tear or circumstances outside the service provider's control.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids' invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid- rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

1 Includes price quotations, advertised competitive bids, limited bids and proposals.

2 Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and ¹ or services for purchasers who wish to acquire goods and ¹ or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

3 Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
