5.3 STEP THREE: Evaluation and Final Weighted Scoring [An electronic pricing Schedule must be completed on the eSupplier system]

a) Price and Specific Goals [Weighted score 80/20 points]:

Evaluation Criteria	RFP Reference
• Commercial offer	Section 4

Transnet will utilise the following formula in its evaluation of Price:

$$PS = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where:

Ps = Score for the Bid under consideration

Pt = Price of Bid under consideration

$Pmin$ = Price of lowest acceptable Bid

5.4 SUMMARY: Applicable Thresholds and Final Evaluated Weightings

Thresholds	Minimum Threshold
Functionality	75%

Evaluation Criteria	Final Weighted Scores
Price	80
Specific goals - Scorecard	20
TOTAL SCORE:	100

5.5 STEP FOUR: Price Negotiations (if applicable)

- Respondents are to note that Transnet may not award a contract if the price offered is not market related. In this regard, Transnet reserves the right to engage in PTN with the view to achieving a market-related price or to cancel the tender. Negotiations will be done in a sequential manner i.e.:
 - first negotiate with the highest ranked bidder or cancel the bid, should such negotiations fail,
 - negotiate with the 2nd and 3rd ranked bidders (if required) in a sequential manner.
- In the event of any Respondent being notified of such short-listed/preferred bidder status, his/her bid, as well as any subsequent negotiated best and final offers (BAFO), will automatically be deemed to remain valid during the negotiation period and until the ultimate award of business.
- Should Transnet conduct post tender negotiations, Respondents will be requested to provide their best and final offers to Transnet based on such negotiations. Where a market related price has been achieved through negotiation, the contract will be awarded to the successful Respondent(s).

5.6 STEP FIVE: Award of business and conclusion of contract

- Immediately after approval to award the contract has been received, the successful bidder(s) will be informed of the acceptance of his/their Bid by way of a Letter of Award. Thereafter the final contract will be concluded with the successful Respondent(s). where applicable.
- Alternatively, acceptance of a letter of award by the Successful Respondent. will constitute the final contract read together with their RFQ response and the Standard Terms and Conditions. This will be stated in the letter of award.

SECTION 4: PRICING AND DELIVERY SCHEDULE**An electronic pricing Schedule must be completed on the eSupplier system****Notes to Pricing:**

- a) Respondents are to note that if the price offered by the highest scoring bidder is not market-related, Transnet may not award the contract to that Respondent. Transnet may-
- (i) negotiate a market-related price with the Respondent scoring the highest points, or cancel the RFP;
 - (ii) if that Respondent does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the second highest points or cancel the RFP;
 - (iii) if the Respondent scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the third highest points or cancel the RFP.

If a market-related price is not agreed upon with the Respondent scoring the third-highest points, Transnet must cancel the RFP.

- b) Prices must be quoted as a % of the Rotterdam metal bulletin.
- c) Any disbursement not specifically priced for will not be considered/accepted by Transnet.
- d) To facilitate like-for-like comparison, bidders must submit pricing strictly in accordance with this pricing schedule and not utilise a different format. Deviation from this pricing schedule could result in a bid being declared non-responsive.
- e) Respondents to complete all the required fields for the clusters they are bidding for, as an incomplete pricing schedule will result in a bid being non-responsive.
- f) Prices are to be quoted on a full-service basis covering all costs that may be incurred by the contractor.
- g) Please note that should you have offered a discounted price(s), Transnet will only consider such price discount(s) in the final evaluation stage if offered on an unconditional basis.
- h) Respondents, if awarded the contract, are required to indicate that their prices quoted would be kept firm and fixed for the contract duration. [Not to be confused with bid validity period Section 2, clause 1]

- i) The bid price will be as a percentage of the ruling Rotterdam metal price – the highest average percentage price is the winning bidder per cluster
- j) The Rotterdam price will be converted to the rand value on every Monday morning relative to the Rotterdam price versus the ZAR/US\$ exchange rate
- k) Clusters will not be split awarded, and the contractor will be required to service all sites linked to a cluster.

- a) Invoices will be processed by Transnet on the day/date of removal of Ferrous scrap from any of the Transnet sites and the weekly revised price in terms of the Rotterdam and Rand/Dollar exchange will apply.
- b) Scrap collected by the Contractor during the month will be invoiced by the Transnet representative concerned, who will fax a copy of a Tax Invoice to the Contractor.
- c) Payment of the full value of the scrap plus Value-Added Tax **[VAT]** must be made to the designated Transnet bank account by bank deposit or electronic transfer within 7 [seven] days from the date of the Tax Invoice. Banking

- d) If payment is not received within 7 [seven] days, no further scrap will be made available until the outstanding payment is received.
- e) Transnet will require a Contractor to lodge a deposit/bank guarantee as surety for its future purchases of scrap metal from Transnet, the amount of such deposit to be commensurate with the contract value. Based on historic turnover, such a bank guarantee will be approximately R25 million.
